# Firing Pin Spring for 1911 Ed Brown Safety Instruction Guide

## Introduction

Thank you for choosing the Firing Pin Spring for your 1911 Ed Brown firearm. This guide provides essential safety instructions to ensure the safe use and installation of your product. Please read this document carefully and keep it for future reference.

## General Safety Guidelines

- Ensure that all firearm components are installed by a qualified gunsmith or experienced individual to prevent accidents and ensure proper functionality.
- Always treat firearms as if they are loaded, and handle them with care.
- Store the Firing Pin Spring and all firearm components in a secure location away from children and unauthorized users.
- Regularly inspect your firearm and its components for wear and damage. Replace any worn or damaged parts immediately.
- Familiarize yourself with local laws and regulations regarding firearm ownership and modifications.

## Specific Safety Precautions for Use

- Only use the Firing Pin Spring with compatible models: Government, Commander, and Officers of the 1911 series.
- Ensure that your firearm is unloaded before installing or replacing the Firing Pin Spring.
- Use appropriate tools and follow proper techniques when installing or replacing firearm components to avoid injury.
- Avoid using excessive force during installation, as this may damage the spring or other components.
- If you experience any malfunctions or unusual behavior with your firearm after installation, cease use immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure the firearm is completely unloaded.
- Gather necessary tools: screwdriver, pliers, and any other tools specified in your firearm's manual.

### 2. Removing the Old Firing Pin Spring

- Disassemble the firearm according to the manufacturer's instructions.
- Carefully remove the old firing pin spring from the firing pin assembly.

### 3. Installing the New Firing Pin Spring

- Take the new Firing Pin Spring and align it with the firing pin assembly.
- Gently insert the spring into place, ensuring it is seated properly.
- Reassemble the firearm, following the manufacturer's instructions.

### 4. Testing the Firearm

- After reassembly, conduct a thorough function check to ensure that the firing mechanism operates correctly.

- Do not attempt to fire the firearm until you are confident that it is functioning properly.

## **Disposal Instructions**

- Dispose of any old or damaged firing pin springs in accordance with local regulations regarding hazardous materials.
- Do not dispose of firearm components in regular household waste. Check with local authorities for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the Firing Pin Spring or its installation, please consult a qualified gunsmith or contact the manufacturer directly. Always ensure that you have access to professional assistance when handling firearm components.

By following these guidelines, you can help ensure the safe and effective use of your Firing Pin Spring for the 1911 Ed Brown firearm. Thank you for prioritizing safety in your firearm practices.
