

FLAT FOR MAINSPRING HOUSING FOR 1911 - ED BROWN SS/FL FITS GC - CHAINLINK

[Handgun Parts](#) > [Frame Parts](#) > [Mainspring Parts](#) > [Mainspring Housings](#)

Traditional Shapes Plus Different Surfaces Let Every Shooter Get Their Favorite Grip Feel

FLAT 1911 MAINSPRING HOUSING Classic and contemporary looking mainspring housings combine form and function, so there is no compromise in grip control even though they look great. Flat shaped housings are available with popular 25 lpi checkering preferred by many shooters, as well the latest Snakeskin, Chainlink, and Chainlink II patterns that provide a secure gripping surface without the “sharpness” of machine cut checkering. Because they won’t abrade your hand or clothing, they make the perfect addition to competition, carry, and tactical guns. Some Chainlink models are also available with an integral lanyard loop for attaching a weapon retention device. Blank models are completely smooth to allow custom checkering or engraving and are available in flat shapes. Also available for the Officer’s model in both blued and stainless steel with 25 lpi checkering. Specifications: Steel, blued or stainless steel (SS) natural finish. The Government Model housing features drop-in installation in all full-size 1911 pistols including full size Para-Ordnance pistols such as the P-14 and P-16. All housings will work great with any finish or type of steel, including aluminum.

Attributes

Safety Instruction Guide for the 1911 Mainspring Housing ED Brown SS/FL Fits GC Chainlink

Introduction

Thank you for choosing the 1911 Mainspring Housing by ED Brown. This product is designed to enhance the performance of your firearm while ensuring safety and usability. Please read this safety instruction guide carefully to understand how to use, install, and maintain this product safely.

General Safety Guidelines

- Ensure that all products, including this mainspring housing, are used in accordance with the safety regulations outlined by the EU General Product Safety Regulation (GPSR).
- Always treat firearms with respect and caution. Ensure that you are familiar with the operation and safety features of your firearm.
- Store the mainspring housing and all related firearm components in a secure location, away from children and unauthorized users.
- Regularly check for any recalls or safety notices related to the product on the EU's Safety Gate platform.
- If you encounter any unsafe conditions or incidents, report them to the appropriate authorities immediately.

Specific Safety Precautions for Use

- Only use this mainspring housing with compatible 1911 models, including Government and Commander models.
- Ensure that the firearm is unloaded before installing or replacing the mainspring housing.
- Do not attempt to modify the mainspring housing or any part of the firearm beyond the manufacturer's specifications.
- If you experience any difficulties during installation or use, do not hesitate to seek assistance from a qualified gunsmith.
- Always wear appropriate safety gear, including eye protection, when handling firearms.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded.
- Gather all necessary tools for installation, including a punch and hammer.

2. Installation:

- Remove the existing mainspring housing by using a punch to drive out the retaining pin.
- Carefully detach the old housing and set it aside.
- Align the new 1911 mainspring housing with the frame of the firearm.
- Insert the retaining pin back into place and ensure it is secure.

3. Usage:

- After installation, check the fit of the mainspring housing and ensure it is properly secured.
- Test the functionality of the firearm in a safe and controlled environment.
- Regularly inspect the mainspring housing for wear or damage during routine maintenance.

4. PostInstallation:

- If applicable, attach any additional components such as a lanyard loop.
- Store the firearm in a safe location when not in use.

Disposal Instructions

- Dispose of the mainspring housing and any related components in accordance with local regulations regarding metal waste.
- Do not dispose of the product in household waste. Instead, take it to a designated recycling center or facility that handles metal products.

Contact Information for Further Support

For any inquiries related to safety, installation, or product performance, please refer to the official contact points provided by the manufacturer or visit the EU's Safety Gate platform for updates and information.
