Safety Instruction Guide for 1911 HARDCORE .45 ACP SLIDE STOP

Introduction

Thank you for choosing the 1911 HARDCORE .45 ACP SLIDE STOP by Ed Brown. This product has been designed and manufactured with the highest standards of safety and performance. Please read this safety instruction guide carefully to ensure proper use and to minimize any risks associated with the product.

General Safety Guidelines

- Ensure you are familiar with the operation and handling of firearms before using this product.
- Always treat firearms as if they are loaded, even if you believe they are not.
- Keep the firearm pointed in a safe direction at all times.
- Store this product in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform to stay informed about any safety issues.

Specific Safety Precautions for Use

- Only use the 1911 HARDCORE .45 ACP SLIDE STOP with compatible models (Government, Commander, Officers).
- Ensure that the firearm is unloaded before installation or any maintenance.
- Avoid using excessive force during installation to prevent damage to the product or the firearm.
- If you experience any difficulty during installation, consult a qualified gunsmith.
- Do not attempt to modify or alter the slide stop in any way.
- Be aware of the potential hazards associated with improper installation, which may lead to firearm malfunctions.

Instructions for Installation and Usage

1. Preparation

- Ensure your firearm is unloaded and pointed in a safe direction.
- Gather necessary tools for installation, including a punch and hammer.

2. Installation Steps

- Remove the existing slide stop from the firearm using the punch and hammer.
- Align the .200 diameter pin of the new slide stop with the hole in the firearm frame.
- Gently tap the slide stop into place, ensuring the serrated lever is oriented correctly.
- Verify that the builtin detent is seated properly for secure installation.

3. PostInstallation Check

- After installation, check the functionality of the slide stop by cycling the action of the firearm.
- Ensure the slide stop moves freely and engages correctly.
- Perform a final inspection to confirm that all components are securely in place.

4. Usage

- Familiarize yourself with the operation of the slide stop before using the firearm.

- Always follow safe handling practices while using the firearm.

Disposal Instructions

- Dispose of any damaged or wornout components in accordance with local regulations.
- Do not throw away the slide stop with regular household waste.
- Contact your local waste management facility for guidance on proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety, product performance, or installation assistance, please reach out to the official contact point provided with your product packaging.

By following these safety instructions, you can ensure a safe and effective use of the 1911 HARDCORE .45 ACP SLIDE STOP. Your safety is our priority, and we appreciate your commitment to responsible firearm ownership.
