

# 1911 MACHINED MEMORY GROOVE BEAVERTAIL GRIP SAFETY - ED BROWN 1911 MACHINED BEAVERTAIL GRIP SAFETY, BLUE

[Handgun Parts](#) > [Safety Parts](#) > [Safeties](#)

The Ed Brown Machined Memory Groove Beavertail grip safety for 1911s is fully machined from stock for top quality and precision fitting. Three grooves have been machined on to a raised pad to allow the user to “feel” the correct hand position as well as assist in depressing the safety. The design also allows for the hand to maintain a deeper grip on the gun for better stabilization and recoil control.

# Safety Instruction Guide for Ed Brown 1911 Machined Memory Groove Beavertail Grip Safety

## Introduction

Thank you for choosing the Ed Brown Machined Memory Groove Beavertail Grip Safety for your 1911 firearm. This product is designed to enhance safety and improve handling during use. Please read this guide carefully to ensure safe installation and operation.

## General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Ensure that the firearm is pointed in a safe direction at all times.
- Keep your finger off the trigger until you are ready to shoot.
- Wear appropriate eye and ear protection when handling firearms.
- Store firearms and ammunition securely, out of the reach of children and unauthorized users.
- Familiarize yourself with local laws and regulations regarding firearm ownership and use.

## Specific Safety Precautions for Use

- Ensure that the grip safety is properly installed before using the firearm.
- Do not attempt to modify or alter the grip safety in any way.
- Regularly inspect the grip safety for signs of wear or damage.
- If the grip safety does not function correctly, do not use the firearm until it has been inspected by a qualified gunsmith.
- Always use the firearm in accordance with the manufacturer's instructions and guidelines.

## Instructions for Installation and Usage

### Installation

1. **Ensure Safety:** Before beginning installation, confirm that the firearm is unloaded and pointed in a safe direction.
2. **Remove the Old Grip Safety:** Carefully remove the existing grip safety from the firearm, following the manufacturer's instructions for disassembly.
3. **Prepare the Frame:** Ensure that the frame of the firearm has a .250 radius cut, as required for compatibility with the grip safety.
4. **Install the New Grip Safety:**
  - Align the new grip safety with the frame.
  - Securely fasten the grip safety according to the manufacturer's specifications.
5. **Test Functionality:** After installation, check the grip safety by ensuring it engages and disengages properly when the grip is applied and released.

### Usage

- To engage the grip safety, ensure that your hand is properly positioned on the grip.
- The three machined grooves on the raised pad provide tactile feedback for correct hand positioning.
- Always ensure that your hand maintains a firm grip on the firearm while operating it to enhance stabilization and recoil control.

## Disposal Instructions

- Dispose of any packaging materials in accordance with local waste disposal regulations.

- If the grip safety is no longer in use, dispose of it responsibly. Check with local guidelines for proper disposal of firearm accessories.
- Do not discard in regular household waste if it contains materials that may be hazardous.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the Ed Brown Machined Memory Groove Beavertail Grip Safety, please contact your local authorized dealer or the manufacturer directly. They can provide guidance and assistance in ensuring the safe use of your product.

## **Conclusion**

Your safety and the safety of others are paramount when handling firearms. By following these guidelines and instructions, you can ensure that you are using the Ed Brown Machined Memory Groove Beavertail Grip Safety correctly and safely. Always prioritize safety and stay informed about best practices in firearm handling.
