

# 1911 MACHINED MEMORY GROOVE BEAVERTAIL GRIP SAFETY - ED BROWN 1911 MACHINED BEAVERTAIL GRIP SAFETY, S/S

[Handgun Parts](#) > [Safety Parts](#) > [Safeties](#)

The Ed Brown Machined Memory Groove Beavertail grip safety for 1911s is fully machined from stock for top quality and precision fitting. Three grooves have been machined on to a raised pad to allow the user to "feel" the correct hand position as well as assist in depressing the safety. The design also allows for the hand to maintain a deeper grip on the gun for better stabilization and recoil control.

# Safety Instruction Guide for the 1911 Machined Memory Groove Beavertail Grip Safety

## Introduction

Thank you for choosing the Ed Brown 1911 Machined Memory Groove Beavertail Grip Safety. This product is designed to enhance your grip and control while ensuring the safe operation of your firearm. This guide provides essential safety instructions and information to ensure your safe and effective use of this product.

## General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Ensure that you are familiar with the operation of your firearm and its safety mechanisms.
- Store your firearm securely and out of reach of children and unauthorized users.
- Regularly inspect your firearm and all accessories for wear and damage.
- Always follow local laws and regulations regarding firearm ownership and use.

## Specific Safety Precautions for Use

- Ensure that the grip safety is properly installed on your 1911 before use.
- Do not attempt to modify the grip safety or any part of the firearm without proper knowledge and tools.
- Use only with Series 70 pattern frames that require a .250 radius cut.
- Always maintain a firm grip on the firearm when in use to prevent accidental discharge.
- Be aware of your surroundings and ensure that you have a clear line of sight to your target.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing grip safety from your 1911.
- Align the Ed Brown Machined Memory Groove Beavertail Grip Safety with the frame.
- Ensure that the .250 radius cut is present on the frame for proper fit.
- Securely attach the grip safety using the appropriate screws.
- Test the grip safety to ensure it functions correctly before using the firearm.

### 2. Usage:

- Grip the firearm firmly, ensuring that your hand is positioned on the raised pad of the grip safety.
- Use the grooves to help guide your hand into the proper position for optimal control.
- Always engage the grip safety while handling and firing the firearm.

## Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the grip safety becomes damaged or is no longer usable, dispose of it in a safe manner to prevent accidental use.
- Check local regulations for specific disposal instructions regarding firearm accessories.

## Contact Information for Further Support

For any inquiries regarding the safety, installation, or use of the Ed Brown 1911 Machined Memory Groove

Beavertail Grip Safety, please refer to the manufacturer's contact information provided with your product.

This guide is intended to provide you with the necessary information to ensure safe and effective use of your new grip safety. Always prioritize safety and seek professional assistance if you have any questions or concerns.
