Extra Metal All Around Helps the Gunsmith Achieve a Perfect Fit

The Gunsmith Grip Safety is the ultimate development of the popular Ed Brown 1911 beavertail safety for the pistolsmith who wants a perfect, precise, slop-free fit of the safety to the frame. The Gunsmith Grip Safety has extra metal all the way around - a .245" radius instead of .250", a wider neck of .314" instead of .308", and .002" extra stock per side - allowing the skilled gunsmith to remove just as much as needed to achieve an ultra-precise fit. Machined from steel barstock - not a casting Separate models for Series 70 and Series 80 1911 pistols (order carefully!) Choose Blued carbon steel or natural silver/gray Stainless steel Extensive gunsmith fitting required The Ed Brown Gunsmith Grip Safety is designed for installation by skilled professional gunsmiths only who seek to build a pistol to the highest standards the 1911 platform will allow. Marked with a dot on the inside of the neck for identification purposes.

Safety Instruction Guide for Ed Brown 1911 Machined Gunsmith Beavertail Grip Safety

Introduction

Thank you for choosing the Ed Brown 1911 Machined Gunsmith Beavertail Grip Safety. This product is designed for skilled professional gunsmiths who require a precise fit for enhanced safety and functionality. Please read this safety instruction guide carefully to ensure safe use and installation of the product.

General Safety Guidelines

- Ensure that the product is installed by a qualified professional gunsmith.
- Always follow the manufacturer's instructions for installation and usage.
- Regularly inspect the grip safety for any signs of wear or damage.
- Store the product in a safe place, out of reach of children and unauthorized users.
- Report any unsafe conditions or incidents involving the product to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- The Gunsmith Grip Safety is designed for use with Series 70 and Series 80 1911 pistols. Ensure you order the correct model based on your firearm.
- Use only the materials specified by the manufacturer during installation to avoid compromising safety.
- Ensure that the grip safety is fitted properly to prevent accidental discharges.
- Avoid modifying the grip safety beyond the recommended specifications.
- Do not use the grip safety if it shows any signs of damage or improper fit.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials required for installation.
- Ensure your workspace is clean and organized to prevent accidents.

2. Installation Steps:

- Remove the grip safety from its packaging and inspect it for any defects.
- Ensure the firearm is unloaded and safe to work on.
- Carefully fit the grip safety to the frame of the pistol. Note the extra metal around the grip safety that allows for a precise fit.
- Use appropriate tools to remove excess material as needed to achieve a slopfree fit.
- Ensure that the grip safety moves freely and does not bind against the frame.
- Securely fasten the grip safety in place according to the manufacturer's instructions.

3. PostInstallation Check:

- After installation, conduct a thorough function check to ensure that the grip safety operates correctly.
- Test the safety mechanism to confirm that it prevents the trigger from being activated when disengaged.

4. Usage:

- Always handle the firearm with care, adhering to all safety protocols.
- Regularly check the grip safety for proper function and fit, especially after extensive use.

Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the grip safety becomes damaged beyond repair, dispose of it responsibly, ensuring it does not pose a risk to others.

Contact Information for Further Support

For any inquiries regarding safety or installation, please refer to the manufacturer's website or contact your local authorized dealer.

By following these safety instructions, you can ensure the safe use of the Ed Brown 1911 Machined Gunsmith Beavertail Grip Safety. Your safety and the safety of others is paramount. Thank you for your attention to these important guidelines.
