

1911 OFFICER'S MODEL MAGAZINES - ED BROWN OFFICER'S MAGAZINE 9MM 8RD STAINLESS

[Magazines](#) > [Handgun Magazines](#) > [Magazines](#)

A Magazine as Robust & Reliable as Your Pistol

Ed Brown's Officer's Model 1911 magazines are built to be as robust and reliable as the 1911 pistol itself. The mag body of corrosion-resistant stainless steel is heat-treated hardened to Rc 35 for exceptional strength. The seam is neatly TIG welded, and the body is carefully polished inside and out, so there's nothing to snag on the magwell OR the rounds in the mag. The feed lips are engineered for reliable feeding of traditional ball ammo, as well as hollowpoints and target rounds. Officer's Model 1911 magazines from Ed Brown have a welded-on steel base plate to minimize bulk on a concealed carry pistol. And each mag comes with a pair of screw-on rubber base pads - a thin pad to protect that mag when ejecting it on hard ground and a thicker pad for added length for easy insertion into and removal from a pistol fitted with an extended magwell. Models for .45 ACP (7-Rd) and 9mm Luger (8-Rd) pistols Sturdy 410 stainless steel body / welded-on base plate Available with natural Silver finish or non-reflective Black Nitride for extra corrosion protection Witness holes for easy monitoring of load status High tensile strength spring ensures reliable feeding & lock back of slide on last round 2 rubber base pads included with each mag All of these high-end features would give little benefit if these mags had a cheap plastic follower. Instead, Officer's Model 1911 magazines comes with a unique-design follower made from hardened STEEL (just like the mag body). The extended front skirt and anti-friction finish keep the round stack moving smoothly for reliable feeding AND full engagement of the slide stop after the last round. The Ed Brown crew has been manufacturing custom 1911s for over half a century. When it comes to extracting the full performance potential from your Officer's Model 1911, their magazines deliver!

Attributes

- Name: [ED BROWN OFFICER'S MAGAZINE 9MM 8RD STAINLESS](#)
- Manufacturer: [ED BROWN](#)
- Product no.: 087000152

Safety Instruction Guide for Ed Brown Officer's Model 1911 Magazines

Introduction

Thank you for choosing the Ed Brown Officer's Model 1911 Magazines. This guide provides essential safety instructions and guidelines to ensure the safe use of your magazines. Please read this document carefully before using the product.

General Safety Guidelines

- Always handle firearms and magazines with care.
- Ensure that the magazine is compatible with your firearm model.
- Keep magazines and firearms out of reach of children and unauthorized users.
- Regularly inspect magazines for signs of wear or damage.
- Follow all local laws and regulations regarding the use of firearms and ammunition.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Inspection Before Use:** Always inspect the magazine for any visible damage or defects before loading it with ammunition.
- **Loading Ammunition:** Load ammunition only in a safe environment, away from people and pets. Ensure the firearm is pointed in a safe direction.
- **Avoid Overloading:** Do not exceed the magazine's specified capacity of 8 rounds for 9mm Luger cartridges.
- **Storage:** Store magazines in a cool, dry place and avoid exposure to extreme temperatures or moisture.
- **Use of Correct Ammunition:** Only use recommended ammunition types, such as traditional ball ammo, hollowpoints, and target rounds, to ensure reliable feeding.

Instructions for Installation and Usage

1. Loading the Magazine:

- Hold the magazine with the base plate facing down.
- Insert the first round into the magazine, ensuring the bullet is facing forward.
- Press down on the round until it clicks into place.
- Continue loading rounds until the magazine is full or reaches the desired capacity.

2. Inserting the Magazine into the Firearm:

- Ensure the firearm is pointed in a safe direction and is in a safe condition.
- Align the magazine with the magazine well of the firearm.
- Firmly push the magazine into the well until it clicks into place.

3. Removing the Magazine:

- Ensure the firearm is pointed in a safe direction.
- Press the magazine release button while pulling the magazine out of the magazine well.
- Store the magazine in a safe place after removal.

4. Cleaning and Maintenance:

- Regularly clean the magazine using a soft cloth to remove dirt and debris.
- Inspect the follower and spring for any signs of wear.
- Lubricate the magazine as needed to ensure smooth operation.

Disposal Instructions

- Dispose of old or damaged magazines in accordance with local regulations.
- Do not throw magazines in regular trash. Instead, consider recycling or contacting a local authority for proper disposal methods.

Contact Information for Further Support
