

# 1911 DOUBLE DIAMOND COCOBOLO GRIPS - ED BROWN

## GOVERNMENT DOUBLE DIAMOND COCOBOLO GRIPS

[Handgun Parts](#) > [Grip Parts](#) > [Grips](#)

Cocobolo wood is the most dense and strongest of all the rosewoods, and considered the most beautiful exotic wood due to its colors and highly figured grain patterns. Because of its density, it is the wood of choice for high quality handgun grips. The standard grip thickness is 1/4".

# Safety Instructions for 1911 Double Diamond Cocobolo Grips

## Introduction

Thank you for choosing the 1911 Double Diamond Cocobolo Grips by Ed Brown. These grips are crafted from highquality cocobolo wood, known for its density, strength, and beautiful grain patterns. This guide provides essential safety instructions to ensure safe handling and use of your new grips in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always inspect the grips for any visible damage before installation.
- Ensure that you are using the grips on a compatible 1911 Government model.
- Keep the grips out of reach of children and vulnerable individuals to prevent accidents.
- Follow all manufacturer instructions for installation and usage.
- Report any unsafe conditions or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- **Avoid Excessive Force:** When installing or adjusting the grips, do not use excessive force, as this may damage the grips or the firearm.
- **Moisture Exposure:** Do not expose the grips to excessive moisture or humidity, as this can affect the integrity of the wood.
- **Chemical Exposure:** Avoid contact with harsh chemicals or solvents that may damage the finish of the grips.
- **Storage:** Store the grips in a cool, dry place when not in use to maintain their quality and appearance.
- **Regular Maintenance:** Periodically check the grips for signs of wear or damage and address any issues promptly.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools, including a screwdriver suitable for the grip screws.

### 2. Removing Old Grips:

- Carefully unscrew the existing grips from the firearm using the screwdriver.
- Place the screws in a safe location for reinstallation.

### 3. Installing New Grips:

- Align the new cocobolo grips with the frame of the firearm.
- Insert the screws through the grips and into the frame.
- Tighten the screws gently, ensuring that the grips are secure but not overly tight.

### 4. Final Inspection:

- After installation, check that the grips are firmly attached and that there is no movement.
- Conduct a visual inspection for any gaps or misalignment.

### 5. Usage:

- Use the firearm in accordance with all safety protocols and guidelines.
- Regularly check the grips for stability and condition during use.

## **Disposal Instructions**

When disposing of the grips, follow these guidelines:

- If the grips are damaged beyond repair, dispose of them in accordance with local waste management regulations.
- Consider recycling the wood if possible, as cocobolo is a valuable and exotic material.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety or installation of your 1911 Double Diamond Cocobolo Grips, please refer to the manufacturer's contact information provided with your purchase. It is important to have a reliable source for support and inquiries related to your product.

By following these safety instructions, you can ensure the safe use and longevity of your 1911 Double Diamond Cocobolo Grips. Thank you for your attention to safety and responsible firearm handling.
