

# EXTENDED STAINLESS STEEL EJECTOR - ED BROWN EXTENDED EJECTOR, 45 ACP, STAINLESS STEEL

[Handgun Parts](#) > [Action Parts](#) > [Ejector Parts](#) > [Ejectors](#)

One of the most common causes of malfunction in the 1911 pistol is a poor extractor. Install one of these and eliminate feeding/extraction problems before they start. Fully machined from heat-treated 17-4 stainless steel for long wear and extra strength. Guaranteed for life against breakage.

## Attributes

# Safety Instruction Guide for ED Brown Extended Stainless Steel Ejector

## Introduction

Thank you for choosing the ED Brown Extended Stainless Steel Ejector for your 1911 pistol. This product is designed to enhance the performance of your firearm by ensuring reliable feeding and extraction. To ensure your safety and the longevity of the product, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Ensure safe handling of all firearm components, including the ejector.
- Always keep your firearm pointed in a safe direction when handling.
- Store the ejector and your firearm securely to prevent unauthorized access.
- Regularly inspect your firearm and its components for wear and damage.
- Follow all applicable laws and regulations regarding firearm ownership and usage.

## Specific Safety Precautions for Use

- Only use the ejector with a compatible 1911 pistol.
- Ensure that the firearm is unloaded before installing or inspecting the ejector.
- Use appropriate protective gear, such as safety glasses and gloves, when handling firearm components.
- Be cautious of sharp edges on the ejector during installation and maintenance.
- If you experience any malfunctions or irregularities with your firearm after installation, cease use immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your firearm is completely unloaded.
- Gather necessary tools for installation, including a punch and a hammer.

### 2. Installation Steps:

- Remove the existing ejector from the firearm by driving out the retaining pin with a punch.
- Carefully install the ED Brown Extended Stainless Steel Ejector into the ejector slot.
- Align the ejector properly and insert the retaining pin to secure it in place.
- Doublecheck the installation to ensure it is secure and properly aligned.

### 3. Usage:

- After installation, conduct a function check to ensure the ejector operates smoothly.
- Test the firearm in a controlled environment to confirm reliable feeding and extraction.
- Regularly maintain your firearm and inspect the ejector for signs of wear or damage.

## Disposal Instructions

- Dispose of any old or damaged ejectors in accordance with local regulations.
- Avoid disposing of firearm components in household waste.
- Consider recycling metal components where possible.

## **Contact Information for Further Support**

For any inquiries regarding safety, installation, or product performance, please reach out to your local authorized dealer or manufacturer's representative.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Enjoy your enhanced shooting experience with the ED Brown Extended Stainless Steel Ejector!
