S&W M&P Recoil Springs Safety Instruction Guide

Introduction

Thank you for choosing the S&W M&P Recoil Springs by ED BROWN. This guide provides important safety information and instructions for the proper use and maintenance of your recoil spring. Please read this guide carefully to ensure safe operation and to maximize the performance of your firearm.

General Safety Guidelines

- **Product Safety:** Ensure that you use the recoil spring in accordance with the manufacturer's guidelines. Improper use may lead to malfunctions or accidents.
- **Enhanced Recalls:** Stay informed about any recalls related to your product. Check the manufacturer's website or designated recall platforms regularly.
- **Online Shopping:** If purchased online, confirm that the retailer complies with safety standards applicable to physical stores.
- **Special Consumer Focus:** Keep the recoil spring out of reach of children and vulnerable individuals to prevent accidents.
- **EU Contact Point:** For safety inquiries, refer to the manufacturer's contact information provided with the product.
- **Rapid Alerts:** Monitor the EU's Safety Gate platform for updates on unsafe products.

Specific Safety Precautions for Use

- **Compatibility:** Ensure that the recoil spring is compatible with your specific model of M&P (9mm or M&P 2.0 9mm).
- **Inspection:** Regularly inspect the recoil spring for signs of wear or damage. Replace if any defects are found.
- **Use of Ammunition:** The 11 lb. recoil spring is designed for use with suppressors or subsonic ammunition. Using it with inappropriate ammunition may lead to firearm malfunction.
- **Installation:** Follow the installation instructions carefully to avoid improper setup, which can lead to safety hazards.
- **Storage:** Store the recoil spring in a cool, dry place, away from direct sunlight and moisture.

Instructions for Installation and Usage

1. **Preparation:** Before installation, ensure that your firearm is unloaded and safe to handle.
2. **Remove the Old Spring:**
 - Disassemble your firearm according to the manufacturer's guidelines.
 - Carefully remove the existing recoil spring from the guide rod.
3. **Install the New Recoil Spring:**
 - Take the new 11 lb. recoil spring and align it with the guide rod.
 - Ensure it is seated properly and securely.
4. **Reassemble the Firearm:**
 - Follow the manufacturer's reassembly instructions.
 - Doublecheck that all components are correctly installed and secured.
5. **Testing:**
 - After installation, conduct a function check to ensure the firearm operates correctly.
 - Test with the appropriate ammunition to verify performance.

Disposal Instructions

- **Environmental Considerations:** Dispose of the old recoil spring in accordance with local regulations. Do not dispose of it in regular household waste.
- **Recycling:** If possible, recycle the old spring at a designated recycling facility that accepts metal products.

Contact Information for Further Support

For any questions or concerns regarding the S&W M&P Recoil Springs, please refer to the contact information provided with your product. It is important to reach out to the manufacturer for any safety inquiries or product support.

By following these guidelines, you can ensure the safe use and longevity of your S&W M&P Recoil Springs. Thank you for your attention to safety and responsible firearm ownership.
