

# 1911 SOLID BARREL BUSHING - ED BROWN GOVERNMENT BARREL BUSHING, BLUE, DI

[Handgun Parts](#) > [Barrel Parts](#) > [Barrel Bushings](#)

## Long-Wearing, Solid Steel Increases Accuracy

Machined, steel, barrel bushings provide a tight, slide to barrel fit; available in both Government and Commander. Heat treated and hardened for outstanding durability. Drop-In - Close, drop-in fit on Colt slides. Requires no fitting with Ed Brown Barrel and Colt slides. Other brands may require minor fitting. Oversize - Requires turning of O.D., and reaming of I.D., to achieve a true match fit. Commander available in Drop-In, Stainless Steel only.

# Safety Instruction Guide for 1911 Solid Barrel Bushing

## Introduction

Thank you for choosing the 1911 Solid Barrel Bushing by Ed Brown. This guide provides essential safety instructions to ensure the safe use of this product. Please read and follow these guidelines carefully to prevent accidents and ensure optimal performance.

## General Safety Guidelines

- Ensure that the barrel bushing is compatible with your firearm model before installation.
- Always handle firearms with care and follow all standard safety practices.
- Store the barrel bushing in a secure location, away from children and unauthorized users.
- Regularly inspect the barrel bushing for signs of wear or damage before each use.
- Do not modify the barrel bushing without proper knowledge and tools, as this may result in unsafe conditions.
- If you experience any issues with the barrel bushing, cease use immediately and consult a qualified gunsmith.

## Specific Safety Precautions for Use

- Use only with Ed Brown barrels and Colt slides to ensure a proper fit without the need for fitting.
- If using with other brands, be prepared for potential minor fitting requirements.
- For oversize versions, ensure that proper turning and reaming are performed to achieve a true match fit.
- Keep the barrel bushing clean and free from debris to maintain its functionality and safety.
- Avoid using excessive force during installation to prevent damage to the firearm or bushing.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your firearm is unloaded and pointed in a safe direction.
- Gather necessary tools, including a bushing wrench if required.

### 2. Installation:

- Align the barrel bushing with the barrel and slide of your firearm.
- For DropIn models, gently press the bushing into place. It should fit snugly without excessive force.
- For Oversize models, turn the O.D. and ream the I.D. as needed to achieve a proper fit.

### 3. PostInstallation:

- Once installed, check the fit of the bushing by cycling the slide.
- Ensure there is no binding or excessive play.
- If any issues are detected, remove the bushing and reassess the fit or consult a gunsmith.

### 4. Usage:

- Always follow safe handling procedures when operating your firearm.
- Regularly inspect the barrel bushing during routine maintenance checks.

## **Disposal Instructions**

- Dispose of the barrel bushing in accordance with local regulations.
- If the bushing is damaged or no longer needed, consider recycling if possible.
- Never dispose of firearm components in regular household waste.

## **Contact Information for Further Support**

For any questions or concerns regarding the 1911 Solid Barrel Bushing, please reach out to your local dealer or consult the manufacturer's website for support resources.

Thank you for your attention to these safety guidelines. Your safety and the safety of others is our top priority.
