

FELT POLISHING WHEELS - BACON FELT COMPANY 8" SOFT FELT POLISHING WHEEL 1/2" ARBOR

[Gunsmith Tools](#) > [Metal Prep & Coloring](#) > [Polishing Tools & Accessories](#) > [Polishing Wheels](#)

Professional Gunsmith-Proven & Preferred

Finest quality 1" wide felt wheels, carefully selected and factory trued. (Final touch-up truing may be required.) Only the closely controlled density of felt wheels will give the superb finish that marks the real professional. Complete instructions on Polish-O-Ray™ tube describes felt wheel technique. It is best to use a different wheel for each polish grit. 1/2 hp or under, use 6" wheels at 3600 RPM, 1/2 hp or over, 8" at 1800, 3/4 hp or over can use 10" at 1800. 10" for experienced polishers only. Use the soft felt for most work, medium or hard wheel for 555™ Polish.

Safety Instruction Guide for FELT POLISHING WHEELS

Introduction

Thank you for choosing the FELT POLISHING WHEELS from BACON FELT COMPANY. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your polishing wheels. Please read this document carefully before using the product.

General Safety Guidelines

- Ensure that the polishing wheels are used in accordance with the manufacturer's instructions.
- Always wear appropriate personal protective equipment (PPE), including safety goggles and dust masks, when operating the polishing wheels.
- Keep the working area clean and welllit to avoid accidents.
- Ensure that the polishing wheel is securely attached to the machine before use.
- Regularly inspect the polishing wheels for any signs of wear or damage before each use.
- Follow all local regulations regarding the use and disposal of polishing materials.

Specific Safety Precautions for Use

- Only use the polishing wheels with compatible machines. For 1/2 hp or under, use 6" wheels at 3600 RPM; for 1/2 hp or over, use 8" wheels at 1800 RPM; and for 3/4 hp or over, use 10" wheels at 1800 RPM.
- Use the soft felt wheels for most work. Medium or hard wheels should only be used with 555™ Polish.
- Avoid using the polishing wheels on materials not specified in the product instructions.
- Do not exceed the recommended RPM as this may lead to wheel failure or personal injury.
- Keep hands and loose clothing away from the rotating polishing wheel during operation.
- Ensure that all adapters are correctly fitted and secure to avoid accidents.

Instructions for Installation and Usage

1. Installation:

- Ensure the machine is unplugged before installation.
- Select the appropriate polishing wheel based on your machine's specifications.
- Attach the polishing wheel to the machine's arbor securely. Use the provided adapter if necessary to fit the 1/2" arbor.
- Doublecheck that the wheel is securely fastened before plugging in the machine.

2. Usage:

- Plug in the machine and allow it to reach the appropriate speed before introducing the workpiece.
- Apply a light and even pressure to the workpiece while polishing.
- Do not force the wheel against the workpiece; let the wheel do the work.
- After use, turn off the machine and allow the wheel to come to a complete stop before removing it.
- Clean the polishing wheel regularly to maintain its effectiveness.

Disposal Instructions

- Dispose of the polishing wheels and any associated materials in accordance with local regulations.
- Do not dispose of polishing wheels in regular household waste if they contain hazardous materials.
- Contact your local waste management authority for guidance on proper disposal methods.

Contact Information for Further Support

For any inquiries or concerns regarding the safety and use of your FELT POLISHING WHEELS, please refer to the contact information provided with your product packaging or visit the manufacturer's website.

By following these safety instructions, you can ensure a safe and effective experience with your FELT POLISHING WHEELS. Thank you for prioritizing safety!
