

# FELT POLISHING WHEELS - BACON FELT COMPANY 10" SOFT FELT POLISHING WHEEL 1" ARBOR

[Gunsmith Tools](#) > [Metal Prep & Coloring](#) > [Polishing Tools & Accessories](#) > [Polishing Wheels](#)

## Professional Gunsmith-Proven & Preferred

Finest quality 1" wide felt wheels, carefully selected and factory trued. (Final touch-up truing may be required.) Only the closely controlled density of felt wheels will give the superb finish that marks the real professional. Complete instructions on Polish-O-Ray™ tube describes felt wheel technique. It is best to use a different wheel for each polish grit. 1/2 hp or under, use 6" wheels at 3600 RPM, 1/2 hp or over, 8" at 1800, 3/4 hp or over can use 10" at 1800. 10" for experienced polishers only. Use the soft felt for most work, medium or hard wheel for 555™ Polish.

# Safety Instruction Guide for FELT POLISHING WHEELS

## Introduction

Thank you for choosing the BACON FELT COMPANY 10" Soft Felt Polishing Wheel. This guide provides important safety instructions to ensure the safe and effective use of the product. Please read this document carefully before using the polishing wheel.

## General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Always follow the manufacturer's instructions for installation and usage.
- Keep the polishing wheel out of reach of children and vulnerable individuals.
- Regularly inspect the polishing wheel for any signs of damage or wear before use.
- Use personal protective equipment (PPE) such as safety goggles, gloves, and masks as appropriate.
- Be aware of your surroundings and ensure a safe working environment while using the polishing wheel.
- Report any unsafe conditions or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

### • Hazard Identification:

- Potential risks include injury from rotating parts, dust inhalation, and eye injuries from debris.

### • Avoiding Hazards:

- Always secure the polishing wheel properly before use.
- Do not exceed the recommended RPM for the wheel size.
- Use the appropriate wheel size for your machine's horsepower rating:
  - 1/2 hp or under: Use 6" wheels at 3600 RPM.
  - 1/2 hp or over: Use 8" wheels at 1800 RPM.
  - 3/4 hp or over: Can use 10" wheels at 1800 RPM.
- Use the soft felt wheel for most applications; medium or hard wheels are recommended for specific polishes.
- Ensure that the wheel is clean and free of any foreign objects before use.

### • Age Specific Warnings:

- This product is intended for use by adults and should not be used by children.

## Instructions for Installation and Usage

### • Installation:

- Ensure the machine is turned off and unplugged before installation.
- Attach the polishing wheel to the machine's arbor, ensuring it is properly secured.
- Use the provided adapter if necessary to fit the wheel onto the machine.

### • Usage:

- Before starting, check that the wheel is properly mounted and that all safety guards are in place.
- Start the machine and allow the wheel to reach the designated RPM before beginning work.

- Use a different wheel for each polish grit to achieve the best results.
- Maintain a safe distance from the wheel while it is in operation.
- If you notice any unusual vibrations or sounds, stop the machine immediately and inspect the wheel.

## **Disposal Instructions**

- Dispose of the polishing wheel in accordance with local regulations.
- Do not dispose of the polishing wheel in regular household waste if it is damaged or contaminated.
- Consider recycling options if available in your area.

## **Contact Information for Further Support**

For any questions or concerns regarding the FELT POLISHING WHEELS or safety guidelines, please refer to the manufacturer's contact information provided with your product packaging.

Please ensure you follow these safety instructions to protect yourself and others while using the FELT POLISHING WHEELS. Your safety is our priority.
