Safety Instruction Guide for FELT POLISHING WHEELS

Introduction

Thank you for choosing the FELT POLISHING WHEELS from BACON FELT COMPANY. This guide provides essential safety instructions to ensure the safe and effective use of your polishing wheels. Please read this guide carefully before use to avoid accidents and ensure the best results.

General Safety Guidelines

- Ensure the product is suitable for your intended use and complies with local regulations.
- Always wear appropriate personal protective equipment (PPE) such as safety goggles, gloves, and a dust mask when using the polishing wheels.
- Keep the work area clean and welllit to prevent accidents.
- Ensure that the polishing wheels are used only for their intended purpose.
- Regularly inspect the wheels for damage or wear before each use. Do not use damaged wheels.
- Follow the manufacturer's instructions for use and maintenance.

Specific Safety Precautions for Use

- Use the correct size and type of polishing wheel for your machine and the task at hand.
- Ensure that the polishing wheel is securely attached to the arbor before starting the machine.
- Do not exceed the maximum RPM specified for the polishing wheel:
 - For machines with 1/2 hp or under, use 6" wheels at 3600 RPM.
 - For machines with 1/2 hp or over, use 8" wheels at 1800 RPM.
 - For machines with 3/4 hp or over, use 10" wheels at 1800 RPM (for experienced polishers only).
- Always use a different wheel for each polish grit to avoid contamination.
- Avoid using excessive pressure while polishing; let the wheel do the work.
- Do not operate the polishing wheel without proper training or supervision if you are inexperienced.

Instructions for Installation and Usage

1. Installation:

- Ensure your polishing machine is turned off and unplugged before installation.
- Select the appropriate polishing wheel based on your machine's specifications.
- Insert the arbor of the polishing wheel into the machine's spindle.
- Use the provided adapter if necessary to fit the wheel onto the machine.
- Secure the wheel tightly according to the machine's instructions to prevent it from loosening during operation.

2. Usage:

- Plug in the machine and turn it on, allowing the wheel to reach full speed before beginning to polish.
- Hold the workpiece firmly and bring it into contact with the polishing wheel slowly.
- Move the workpiece evenly across the wheel to ensure an even finish.
- After use, turn off the machine and allow the wheel to come to a complete stop before removing the workpiece.

Disposal Instructions

- Dispose of any damaged or worn polishing wheels in accordance with local waste disposal regulations.
- Do not dispose of polishing wheels in regular household waste if they contain hazardous materials. Check with local authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the use of FELT POLISHING WHEELS, please refer to the manufacturer's contact information provided with the product packaging.

Conclusion

By following these safety instructions, you can ensure a safe and effective polishing experience with your FELT POLISHING WHEELS. Please keep this guide for future reference and share it with anyone who may use this product. Thank you for your attention to safety and compliance with the EU General Product Safety Regulation.
