

FELT POLISHING WHEELS - BACON FELT COMPANY 6" MEDIUM FELT POLISHING WHEEL 5/8" ARBOR

[Gunsmith Tools](#) > [Metal Prep & Coloring](#) > [Polishing Tools & Accessories](#) > [Polishing Wheels](#)

Professional Gunsmith-Proven & Preferred

Finest quality 1" wide felt wheels, carefully selected and factory trued. (Final touch-up truing may be required.) Only the closely controlled density of felt wheels will give the superb finish that marks the real professional. Complete instructions on Polish-O-Ray™ tube describes felt wheel technique. It is best to use a different wheel for each polish grit. 1/2 hp or under, use 6" wheels at 3600 RPM, 1/2 hp or over, 8" at 1800, 3/4 hp or over can use 10" at 1800. 10" for experienced polishers only. Use the soft felt for most work, medium or hard wheel for 555™ Polish.

Safety Instruction Guide for FELT POLISHING WHEELS

Introduction

Thank you for purchasing the FELT POLISHING WHEELS from BACON FELT COMPANY. This guide provides essential safety instructions to ensure the safe and effective use of your polishing wheels. Please read this document carefully before use to avoid hazards and ensure compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure the product is used in accordance with the guidelines provided in this manual.
- Always inspect the polishing wheel for damage before use. Do not use if damaged.
- Keep the polishing wheel away from children and vulnerable individuals.
- Use the polishing wheel only for its intended purpose as outlined in this guide.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), including safety goggles and dust masks.
- Ensure that the polishing wheel is securely mounted to the machine before use.
- Do not exceed the maximum recommended RPM for the polishing wheels:
 - 6" wheels: 3600 RPM for 1/2 hp or under
 - 8" wheels: 1800 RPM for 1/2 hp or over
 - 10" wheels: 1800 RPM for 3/4 hp or over (for experienced polishers only)
- Use a separate wheel for each polish grit to avoid crosscontamination.
- Ensure that the workspace is clean and free of any obstructions.
- Do not operate the polishing wheel without proper supervision if used by inexperienced individuals.

Instructions for Installation and Usage

1. Installation:

- Select the correct adapter for your machine: 1/2" (12.7mm), 5/8" (15.9mm), 3/4" (6.4mm), or 7/8" (22.2mm).
- Install the adapter onto the machine's spindle if necessary.
- Securely attach the polishing wheel to the adapter, ensuring it is tightly fastened.

2. Usage:

- Before starting, ensure that the machine is unplugged.
- Check that the polishing wheel is free of debris and damage.
- Plug in the machine and turn it on to the recommended RPM.
- Gently introduce the workpiece to the polishing wheel, maintaining a steady and controlled motion.
- Do not apply excessive pressure; allow the wheel to do the work.
- After use, turn off the machine and unplug it before making any adjustments or inspections.

Disposal Instructions

- Dispose of the polishing wheels in accordance with local waste disposal regulations.
- Do not dispose of the product in regular household waste.

- Consider recycling options for the felt material if available in your area.

Contact Information for Further Support
