

FELT POLISHING WHEELS - BACON FELT COMPANY 8" MEDIUM FELT POLISHING WHEEL 5/8" ARBOR

[Gunsmith Tools](#) > [Metal Prep & Coloring](#) > [Polishing Tools & Accessories](#) > [Polishing Wheels](#)

Professional Gunsmith-Proven & Preferred

Finest quality 1" wide felt wheels, carefully selected and factory trued. (Final touch-up truing may be required.) Only the closely controlled density of felt wheels will give the superb finish that marks the real professional. Complete instructions on Polish-O-Ray™ tube describes felt wheel technique. It is best to use a different wheel for each polish grit. 1/2 hp or under, use 6" wheels at 3600 RPM, 1/2 hp or over, 8" at 1800, 3/4 hp or over can use 10" at 1800. 10" for experienced polishers only. Use the soft felt for most work, medium or hard wheel for 555™ Polish.

FELT POLISHING WHEELS SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the Bacon Felt Company 8" Medium Felt Polishing Wheel. This guide provides important safety instructions and usage guidelines to ensure your safety and the effective use of the product. Please read this document carefully before using the polishing wheel.

General Safety Guidelines

- Always ensure that the polishing wheel is used in accordance with the manufacturer's instructions.
- Keep the workspace clean and welllit to prevent accidents.
- Use personal protective equipment (PPE) such as safety goggles, gloves, and a dust mask to protect yourself from debris and dust.
- Ensure that the polishing wheel is securely attached to the machine before operation.
- Do not exceed the recommended RPM for the polishing wheel based on your machine's horsepower.
- Keep children and pets away from the work area during use.
- If you notice any damage or wear to the polishing wheel, discontinue use immediately and replace it.
- Always unplug the machine when changing wheels or making adjustments.

Specific Safety Precautions for Use

- When using the polishing wheel, ensure that the wheel is appropriate for the type of polish being used.
- Use the soft felt wheel for most applications; reserve the medium or hard wheels for specific polishes like 555™ Polish.
- For machines with 1/2 hp or under, use 6" wheels at 3600 RPM.
- For machines with 1/2 hp or over, use 8" wheels at 1800 RPM.
- For machines with 3/4 hp or over, you may use 10" wheels at 1800 RPM, but this is recommended for experienced polishers only.
- Always maintain a firm grip on the workpiece and the machine to prevent slippage.
- Avoid wearing loose clothing or jewelry that could become caught in the wheel.

Instructions for Installation and Usage

1. Installation:

- Ensure the machine is unplugged before installation.
- Select the appropriate polishing wheel based on your machine's horsepower and the desired finish.
- Attach the polishing wheel to the machine's arbor. Use the supplied adapter if necessary to fit the wheel securely.
- Tighten the wheel securely to prevent it from loosening during operation.

2. Usage:

- Plug in the machine and turn it on to the appropriate speed setting.
- Allow the polishing wheel to reach full speed before introducing the workpiece.
- Gently apply the workpiece to the polishing wheel, using consistent pressure. Do not force the workpiece against the wheel.
- Move the workpiece evenly across the surface of the wheel to achieve a uniform finish.
- Monitor the wheel for any signs of wear or damage during use. If any issues arise, stop the machine immediately.

Disposal Instructions

- Dispose of the polishing wheel in accordance with local regulations for nonhazardous waste.
- Do not incinerate the polishing wheel, as it may release harmful substances.
- If the wheel is damaged or worn out, consider recycling options if available in your area.

Contact Information for Further Support

For any questions or concerns regarding the use of the Bacon Felt Company 8" Medium Felt Polishing Wheel, please refer to the manufacturer's website or customer support resources.

Conclusion

By following these safety instructions and guidelines, you can ensure a safe and effective experience while using the Bacon Felt Company 8" Medium Felt Polishing Wheel. Always prioritize safety and take the necessary precautions to protect yourself and others while working. Thank you for your attention to safety!
