

FELT POLISHING WHEELS - BACON FELT COMPANY 8" MEDIUM FELT POLISHING WHEEL 3/4" ARBOR

[Gunsmith Tools](#) > [Metal Prep & Coloring](#) > [Polishing Tools & Accessories](#) > [Polishing Wheels](#)

Professional Gunsmith-Proven & Preferred

Finest quality 1" wide felt wheels, carefully selected and factory trued. (Final touch-up truing may be required.) Only the closely controlled density of felt wheels will give the superb finish that marks the real professional. Complete instructions on Polish-O-Ray™ tube describes felt wheel technique. It is best to use a different wheel for each polish grit. 1/2 hp or under, use 6" wheels at 3600 RPM, 1/2 hp or over, 8" at 1800, 3/4 hp or over can use 10" at 1800. 10" for experienced polishers only. Use the soft felt for most work, medium or hard wheel for 555™ Polish.

Safety Instruction Guide for FELT POLISHING WHEELS

Introduction

Thank you for choosing the FELT POLISHING WHEELS from BACON FELT COMPANY. These products are designed to provide a highquality polishing experience. To ensure your safety and the proper use of this product, please read and follow the guidelines outlined in this manual.

General Safety Guidelines

- Always ensure that the polishing wheel is compatible with your polishing machine.
- Inspect the polishing wheel for any damage before use. Do not use if damaged.
- Keep the work area clean and welllit to avoid accidents.
- Ensure that the polishing wheel is securely attached before operating the machine.
- Do not wear loose clothing or jewelry while using the polishing wheel.
- Use appropriate personal protective equipment (PPE) such as safety goggles and dust masks.
- Keep children and pets away from the work area during operation.
- Follow the manufacturer's instructions for the specific machine you are using.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Use the correct size of polishing wheel for your machine's specifications.
- Do not exceed the recommended RPM for your polishing wheel.
- Use the soft felt wheel for general polishing tasks; reserve medium or hard wheels for specific tasks like using 555™ Polish.
- Always use a different wheel for each polish grit to avoid contamination.
- If you are inexperienced, start with smaller wheels (6") before progressing to larger sizes (8" or 10").
- Ensure proper ventilation when using polishing compounds to avoid inhalation of dust.

Instructions for Installation and Usage

1. Installation

- Ensure the polishing machine is unplugged before installation.
- Select the appropriate adapter if needed (1/2" (12.7mm), 5/8" (15.9mm), 3/4" (6.4mm), or 7/8" (22.2mm)).
- Securely attach the polishing wheel to the arbor, ensuring it is centered and tight.
- Plug in the machine and perform a brief test run at low speed to check for stability.

2. Usage

- Begin polishing at a low speed and gradually increase to the recommended RPM.
- Apply light pressure to the workpiece; excessive force can damage the wheel and the workpiece.
- Always keep hands and fingers clear of the polishing wheel during operation.
- After use, turn off the machine and allow the wheel to come to a complete stop before removing it.

Disposal Instructions

- Dispose of used polishing wheels in accordance with local regulations.
- Do not dispose of polishing wheels in regular household waste if they contain hazardous materials.
- Check with local waste management authorities for proper disposal methods.

Contact Information for Further Support

For further support or inquiries regarding product safety, please contact your local distributor or manufacturer.

By adhering to these safety guidelines and instructions, you can ensure a safe and effective polishing experience with your FELT POLISHING WHEELS. Thank you for your attention to safety and proper usage.
