Safety Instruction Guide for FELT POLISHING WHEELS

Introduction

Thank you for choosing the FELT POLISHING WHEELS from BACON FELT COMPANY. These wheels are designed for professional polishing applications, providing a highquality finish. To ensure your safety and the effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always use the product according to the manufacturer's instructions.
- Ensure that the polishing wheel is compatible with your polishing machine.
- Inspect the polishing wheel for any damage before use. Do not use if damaged.
- Keep the workspace clean and free from clutter to prevent accidents.
- Use personal protective equipment (PPE), including safety glasses and gloves.
- Keep children and pets away from the work area during use.
- Be aware of the potential hazards associated with polishing, including flying debris and dust.

Specific Safety Precautions for Use

- Ensure that the polishing wheel is securely mounted to the machine before use.
- Do not exceed the recommended RPM for the polishing wheel size:
 - For 6" wheels: Use with 1/2 hp or under at 3600 RPM.
 - For 8" wheels: Use with 1/2 hp or over at 1800 RPM.
 - For 10" wheels: Use with 3/4 hp or over at 1800 RPM (for experienced polishers only).
- Use a different wheel for each polish grit to avoid contamination.
- Use the appropriate felt wheel density for your polishing needs:
 - Soft felt for most work.
 - Medium or hard wheel for 555™ Polish.
- Avoid wearing loose clothing or jewelry that could become caught in the machinery.
- Do not operate the polishing machine while under the influence of drugs or alcohol.

Instructions for Installation and Usage

1. Installation:

- Select the appropriate felt polishing wheel for your task.
- Ensure that the machine is turned off and unplugged before installation.
- Use the supplied adapter to fit the polishing wheel to your machine's arbor if necessary.
- Securely attach the wheel to the machine, ensuring it is tight and stable.

2. Usage:

- Plug in the polishing machine and turn it on slowly.
- Allow the wheel to reach its operating speed before introducing the workpiece.
- Maintain a steady and controlled motion while polishing.
- Avoid applying excessive pressure; let the wheel do the work.
- Periodically check the wheel for wear and replace as necessary.

Disposal Instructions

- Dispose of any used polishing wheels in accordance with local regulations.
- Do not dispose of polishing wheels in regular household waste if they are contaminated with hazardous materials.
- Check with local waste management for recycling options.

Contact Information for Further Support

For safety inquiries or further assistance regarding the FELT POLISHING WHEELS, please refer to the manufacturer's contact information provided with your product packaging.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience while using the FELT POLISHING WHEELS. Always prioritize safety and adhere to the guidelines to protect yourself and others in your work environment. Thank you for choosing BACON FELT COMPANY.
