

FELT POLISHING WHEELS - BACON FELT COMPANY 6" HARD FELT POLISHING WHEEL 1/2" ARBOR

[Gunsmith Tools](#) > [Metal Prep & Coloring](#) > [Polishing Tools & Accessories](#) > [Polishing Wheels](#)

Professional Gunsmith-Proven & Preferred

Finest quality 1" wide felt wheels, carefully selected and factory trued. (Final touch-up truing may be required.) Only the closely controlled density of felt wheels will give the superb finish that marks the real professional. Complete instructions on Polish-O-Ray™ tube describes felt wheel technique. It is best to use a different wheel for each polish grit. 1/2 hp or under, use 6" wheels at 3600 RPM, 1/2 hp or over, 8" at 1800, 3/4 hp or over can use 10" at 1800. 10" for experienced polishers only. Use the soft felt for most work, medium or hard wheel for 555™ Polish.

Safety Instruction Guide for FELT POLISHING WHEELS

Introduction

Thank you for choosing the FELT POLISHING WHEELS by Bacon Felt Company. These highquality polishing wheels are designed to provide a superior finish for your polishing needs. It is essential to follow all safety guidelines and instructions to ensure safe and effective use of this product.

General Safety Guidelines

- Always read and understand the instructions before using the product.
- Use the wheels only for their intended purpose as specified in this guide.
- Keep the polishing wheels out of reach of children and vulnerable individuals.
- Regularly inspect the wheels for any signs of damage before use.
- Ensure that the polishing wheel is compatible with your polishing machine.
- Do not exceed the recommended RPM for each wheel size.
- Use appropriate personal protective equipment (PPE) such as safety goggles and dust masks.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- **Hazard Identification:**

- Risk of injury from rotating wheels.
- Risk of inhalation of dust particles generated during polishing.
- Risk of burns from overheating.

- **Instructions to Avoid Hazards:**

- Always ensure the wheel is securely attached to the arbor before use.
- Do not operate the wheel if it is damaged or worn.
- Use the appropriate wheel size based on the horsepower of your machine.
- Avoid using the wheel near flammable materials.
- Do not touch the wheel during operation; allow it to come to a complete stop before handling.
- Ensure proper ventilation in the workspace to minimize inhalation of dust.

Instructions for Installation and Usage

1. Installation:

- Ensure that the power source is turned off before installation.
- Select the appropriate adapter if necessary (1/2", 5/8", 3/4", or 7/8").
- Attach the felt polishing wheel to the arbor securely.
- Doublecheck that the wheel is properly aligned and fastened.

2. Usage:

- Start the machine at a low RPM to ensure stability.
- Gradually increase the RPM to the recommended speed (3600 RPM for 6" wheels with 1/2 hp or under; 1800 RPM for 8" wheels with 1/2 hp or over; 1800 RPM for 10" wheels for experienced users).

- Use the soft felt wheel for most polishing tasks and the medium or hard wheel for specific polishes like 555™ Polish.
- Change wheels based on the polish grit being used for optimal results.
- Monitor the wheel for wear and replace it if necessary.

Disposal Instructions

- Dispose of any damaged or worn polishing wheels in accordance with local regulations.
- Do not dispose of wheels in regular household waste if they contain hazardous materials.
- Consider recycling options where available to minimize environmental impact.

Contact Information for Further Support

For any inquiries or concerns regarding the FELT POLISHING WHEELS, please reach out to the manufacturer or authorized distributor for assistance. Ensure that you reference the product name and model when seeking support.

By following these guidelines and instructions, you can ensure that you use the FELT POLISHING WHEELS safely and effectively, achieving the best results for your polishing projects. Thank you for your attention to safety!
