## 35MM MEDIUM ALUMINUM SCOPE RINGS Safety Instructions

### Introduction

Thank you for choosing the MAXIMIZED SCOPE RINGS by Badger Ordnance. These scope rings are designed to securely hold large, heavy scopes on hardrecoiling guns. This safety instruction guide provides essential information to ensure the safe use and installation of your scope rings, in compliance with the EU General Product Safety Regulation (GPSR).

### General Safety Guidelines

- Always read and understand all instructions before use.
- Ensure that the scope rings are compatible with your firearm and scope.
- Inspect the product for any visible damage or defects before installation.
- Use the product only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe conditions or incidents immediately to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

### Specific Safety Precautions for Use

- Ensure proper installation to avoid scope misalignment, which can lead to inaccurate shooting.
- Do not exceed the weight limit of the scope rings; refer to the product specifications for details.
- Use the provided hardware and tools for installation. Substituting parts may compromise safety.
- Avoid overtightening the screws, as this can damage the rings or the firearm.
- Always check the tightness of the scope rings before use, especially after transportation.
- If you notice any unusual wear or damage during use, discontinue use immediately and seek professional assistance.

### Instructions for Installation and Usage

#### 1. Preparation:

- Gather all necessary tools, including the provided hardware.
- Ensure the firearm is unloaded and pointed in a safe direction.

#### 2. Installation:

- Place the scope rings onto the mount according to the manufacturer's instructions.
- Align the rings with the scope tube, ensuring they are parallel and correctly positioned.
- Handtighten the screws to secure the rings in place.
- Use a torque wrench to tighten the screws to the recommended torque specifications (if provided).
- Doublecheck the alignment and tightness of all screws.

#### 3. Usage:

- Once installed, check the alignment of the scope through the rings.
- Adjust the scope as necessary to ensure proper sighting.
- Regularly inspect the scope rings for tightness and wear during use.

## **Disposal Instructions**

- Dispose of any packaging materials in accordance with local recycling regulations.
- If the scope rings are damaged or no longer in use, dispose of them responsibly, ensuring they do not pose a risk to the environment or public safety.
- Follow local guidelines for the disposal of aluminum products.

## **Contact Information for Further Support**

For any inquiries or further assistance regarding the MAXIMIZED SCOPE RINGS, please refer to the manufacturer's official website or customer support channels. Ensure you have your product details and any relevant information ready for a quicker response.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Enjoy your experience with the MAXIMIZED SCOPE RINGS by Badger Ordnance.
