

REMINGTON 700 LONG ACTION SCOPE RAILS - BADGER ORDNANCE

REMINGTON 700 LONG ACTION 20 MOA RIGHT HAND (8-40)

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

Built-In Angle Supplements Your Scope's Elevation Adjustment

Badger Ordnance's Remington Long Action Scope Rail is a heavy-duty steel base with built-in forward angle bias so you can take those ultra-long-range shots without exceeding the elevation adjustment of your scope. The Badger Ordnance Remington Long Action Scope Rail has a MIL-STD 1913 Picatinny slot pattern for maximum compatibility with the many Picatinny tactical scope rings currently available. Bore height dimension is .31" The Badger Ordnance Remington Long Action Scope Rail has an integral recoil lug that ensures this base won't move, even when shooting the hardest-kicking cartridges.

Heavy steel base with 20 M.O.A. forward angle increases maximum scope elevation for long range shooting. Machined after hardening to maintain dimensions. Integral recoil lug withstands the hardest kicking calibers. Uses MIL-STD 1913 Picatinny slot pattern for maximum sight mounting possibilities. Remington Zero Cant does not have 20 M.O.A. forward angle. For use where extra elevation is not required. Fits 700 short action only.

Attributes

- Name: [BADGER ORDNANCE REMINGTON 700 LONG ACTION 20 MOA RIGHT HAND \(8-40\)](#)
- Manufacturer: [BADGER ORDNANCE](#)

Safety Instruction Guide for REMINGTON 700 LONG ACTION SCOPE RAILS

Introduction

Thank you for choosing the Badger Ordnance Remington 700 Long Action Scope Rails. This guide provides essential safety instructions and information to ensure safe and effective use of this product. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Regularly inspect the scope rail for any signs of wear or damage before use.
- Always follow the manufacturer's instructions for installation and usage.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or incidents to the relevant authorities.

Specific Safety Precautions for Use

- Avoid using the scope rail with incompatible scope rings or accessories.
- Ensure that the scope rail is properly secured to the rifle before use.
- Do not exceed the recommended elevation adjustment of your scope.
- Always wear appropriate eye protection when using firearms.
- Be aware of your surroundings and ensure a safe shooting environment.

Instructions for Installation and Usage

1. Installation

- Ensure that the rifle is unloaded and pointed in a safe direction.
- Remove any existing scope mounts or bases from the rifle.
- Align the Badger Ordnance Remington Long Action Scope Rail with the mounting holes on the rifle.
- Secure the rail using the provided screws (840) and a torque wrench to the manufacturer's specifications.
- Check that the rail is firmly attached and does not move.

2. Usage

- Mount your scope onto the rail using compatible Picatinny scope rings.
- Adjust the scope to your desired settings, ensuring it is within the elevation limits.
- Perform a function check to ensure everything is secure before heading to the range or field.
- Always follow standard firearm safety practices while using the rifle.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling options where available to minimize environmental impact.

Contact Information for Further Support

For further assistance or inquiries regarding product safety or performance, please refer to the manufacturer's

website or contact their customer support. Always ensure that you have the latest information regarding product recalls or safety alerts.

By adhering to these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your Badger Ordnance Remington 700 Long Action Scope Rails. Thank you for your attention to safety.
