MAXIMIZED SCOPE RINGS BADGER ORDNANCE

34MM EXTRA HIGH ALUMINUM SCOPE RINGS

Safety Instruction Guide

Introduction

Thank you for choosing the MAXIMIZED SCOPE RINGS by Badger Ordnance. These scope rings are designed to provide a secure and stable mounting solution for your optics on hardrecoiling firearms. This guide provides essential safety instructions to ensure the safe use and installation of your scope rings, in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always read and follow all instructions provided in this guide before using the product.
- Ensure that the scope rings are compatible with your firearm and optics.
- Regularly inspect the scope rings for any signs of wear or damage before each use.
- Store the product in a dry, cool place away from direct sunlight.
- Keep the product out of reach of children and vulnerable individuals.

Specific Safety Precautions for Use

• Potential Hazards:

- Improper installation may lead to scope misalignment, which can affect accuracy and safety.
- Heavy recoil from firearms can loosen improperly secured scope rings.

• Avoiding Hazards:

- Ensure that the rings are securely tightened using the provided $\frac{1}{2}$ " nut.
- Do not exceed the manufacturer's recommended torque specifications when tightening.
- Use appropriate tools to avoid damaging the rings or the firearm.

• Age Specific Warnings:

- This product is not intended for use by individuals under the age of 18 without adult supervision.
- Educate younger users about firearm safety and the importance of using equipment properly.

Instructions for Installation and Usage

1. Installation:

- Gather the necessary tools: a torque wrench, appropriate socket, and any other tools as specified by the firearm manufacturer.
- Ensure that the firearm is unloaded and pointed in a safe direction before beginning installation.
- Align the scope rings on the Picatinny rail of your firearm, ensuring they are positioned correctly for your scope.
- Securely tighten the $\frac{1}{2}$ " nut on the clamp to fasten the rings to the mount. Ensure that the rings are snug but do not overtighten.
- Confirm that the scope is level and properly aligned with the firearm before finalizing the installation.

2. Usage:

- Regularly check the tightness of the rings, especially after heavy use or exposure to harsh conditions.
- If you notice any movement or instability in the scope, immediately stop using the firearm and inspect the scope rings.
- Clean the scope rings with a soft cloth to remove dirt and debris, ensuring optimal performance.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding aluminum and metal waste.
- Do not dispose of the product in regular household waste.
- Consider recycling the aluminum components to minimize environmental impact.

By following these guidelines, you can ensure a safe and effective experience with your MAXIMIZED SCOPE RINGS. Thank you for your attention to safety, and enjoy your shooting experience!
