

# ONE-PIECE SCOPE MOUNTS - BADGER ORDNANCE 30MM UNIMOUNT EXTRA HIGH (1.3"X4.65") 20 MOA ALUMINUM

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Mount Sets](#)

These one-piece scope mounts from Badger Ordnance provide a rock-solid mount for scopes with 34mm tubes. Their monolithic construction withstands harsh recoil, and makes for easy mounting onto any Picatinny receiver rail. Available in two heights, both measured from bottom of mount to center of optic. 1.3" height has built-in 20 MOA elevation. 1.49" height has no MOA. Rings secure with 4 Torx® head screws each. Reducer rings, available separately, allow use on 30mm scope tubes. Includes installation wrench.

## Attributes

- Name: [BADGER ORDNANCE 30MM UNIMOUNT EXTRA HIGH \(1.3"X4.65"\) 20 MOA ALUMINUM](#)
- Manufacturer: [BADGER ORDNANCE](#)
- Product no.: 093000090
- Mfr. No.: 30696
- Elevation: 20 MOA

# Safety Instruction Guide for ONEPIECE SCOPE MOUNTS BADGER ORDNANCE 30MM UNIMOUNT EXTRA HIGH

## Introduction

Thank you for choosing the ONEPIECE SCOPE MOUNTS BADGER ORDNANCE 30MM UNIMOUNT EXTRA HIGH. This guide provides essential safety instructions to ensure the safe use and installation of your scope mount. Please read this guide carefully before use.

## General Safety Guidelines

- Ensure that the scope mount is compatible with your firearm and scope.
- Always follow the manufacturer's instructions for installation and usage.
- Inspect the scope mount regularly for signs of wear, damage, or looseness.
- Use only the recommended tools for installation to avoid damage.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe conditions or accidents to the relevant authorities.

## Specific Safety Precautions for Use

### • Potential Hazards:

- Improper installation may lead to scope misalignment, affecting accuracy.
- Failure to secure the mount properly can result in the scope detaching during use.

### • Avoiding Hazards:

- Always use the installation wrench provided to ensure proper tightening.
- Check that all screws are tightened to the manufacturer's specifications.
- Do not exceed the recommended torque settings for screws.
- Avoid using the scope mount in extreme conditions without proper checks.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including the installation wrench.
- Ensure that the firearm is unloaded and safe to handle.

### 2. Installation Steps:

- Position the scope mount on the Picatinny rail of your firearm.
- Align the mount so that it is level and correctly positioned for your scope.
- Insert the Torx® head screws into the designated holes of the mount.
- Using the installation wrench, tighten each screw gradually and evenly.
- Verify that the mount is securely attached and does not shift.

### 3. Usage:

- After installation, carefully attach your scope to the mount.
- Ensure that the scope is properly aligned and securely fastened.

- Perform a function check to confirm that the scope operates correctly.

#### **4. PostInstallation Check:**

- After installation, check the mount and scope for stability.
- Periodically inspect the mount while using the firearm to ensure it remains secure.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations for electronic waste and metal materials.
- Do not dispose of the product in household waste.
- Consider recycling options where available.

## **Contact Information for Further Support**

For any inquiries regarding safety, installation, or product performance, please reach out to your local dealer or the manufacturer's support team.
