

34MM SPECIALTY MOUNT ADAPTOR - BADGER ORDNANCE 34MM SPECIALTY MOUNT ADAPTOR

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Mount Sets](#)

The Foundation of Badger's On-Scope Accessory Mounting System

Badger Ordnance's Specialty Mount Adapter is the foundation stone of their convenient system for clamping auxiliary sights or other accessories directly to your optic. The Specialty Mount Adapter goes on the underside of your scope tube - then you choose the "top half" that lets you mount the accessory you want. Simply place a Specialty Mount Adapter on the bottom side of the scope, then bolt the matching top ring in place - Brownells sells these, separately. It's fast and easy. Fits a 34mm scope tube Machined aluminum alloy Matte black mil-spec Type III hardcoat anodized Compatible with 4- OR 6-screw Badger accessory mounts Comes with 6 screws Although the Badger Ordnance Specialty Mount Adapter is designed to fit 34 mm scopes, you can use Badger ring reducers (also sold separately) to make it compatible with 30mm scopes.

Safety Instruction Guide for the 34MM Specialty Mount Adapter

Introduction

Thank you for choosing the Badger Ordnance 34MM Specialty Mount Adapter. This guide provides essential safety instructions to ensure proper installation and usage. It is designed to help you understand the product's features and how to use it safely.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any signs of damage before use.
- Follow all installation and usage instructions carefully.
- Report any unsafe product conditions to the relevant authorities.
- Stay informed about product recalls and safety alerts via the EU Safety Gate platform.

Specific Safety Precautions for Use

- Always use the Specialty Mount Adapter in accordance with the manufacturer's instructions.
- Ensure that the adapter is securely attached to the scope before use.
- Do not exceed the recommended weight limit for any accessories mounted to the adapter.
- Avoid using the adapter in adverse weather conditions that may affect its performance.
- Regularly check the screws and connections for tightness and integrity.
- If using ring reducers to fit 30mm scopes, ensure they are compatible and securely attached.

Instructions for Installation and Usage

1. Installation

- Start by placing the Specialty Mount Adapter on the underside of your 34mm scope tube.
- Align the adapter properly, ensuring it fits snugly against the scope.
- Use the provided screws to securely attach the adapter to the scope. Tighten the screws evenly to avoid misalignment.
- Select the appropriate top ring for your accessory and align it with the adapter.
- Bolt the matching top ring in place using the screws provided with the ring.

2. Usage

- After installation, check that all components are securely fastened.
- Mount your desired accessory onto the top ring of the adapter.
- Ensure that the accessory is stable and does not interfere with the sight picture.
- Test the setup in a safe environment prior to use in the field to ensure everything functions correctly.

Disposal Instructions

- Dispose of the Specialty Mount Adapter according to local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling the product if possible, or return it to the manufacturer for proper disposal.

Contact Information for Further Support

For any questions or concerns regarding the 34MM Specialty Mount Adapter, please refer to the manufacturer's website or contact their support team directly.

By following these safety instructions, you can ensure a safe and effective experience with the Badger Ordnance 34MM Specialty Mount Adapter. Thank you for prioritizing safety in your use of this product.
