

# K5 MOUNT FOR 5000 SERIES KESTREL WEATHER METERS - BADGER ORDNANCE K5 MOUNT FOR 5000 SERIES KESTREL WEATHER METERS

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Mount Sets](#)

## View the Target & Weather Data Without Moving Your Head

Badger Ordnance's K5 Mount for Kestrel weather meters clamps to your spotting scope, so you can easily read weather data from behind the scope without changing positions. The K5 Mount attaches firmly to Picatinny rails at the 3 or 9 o'clock position on your scope (rails not included). Pop the Kestrel into the mount, and it is held securely so it will NOT fall out. K5 accepts 5000 Series Kestrel weather meters only. Made of light, tough, durable reinforced 2200-series polyamide Coyote tan color. The Badger Ordnance K5 Mount for Kestrel weather meters clamps to the scope's Picatinny rail via a simple setscrew; a knurled head makes the screw easy to grasp for initial finger-tightening before you tighten it down for good.

## Attributes

- Name: [BADGER ORDNANCE K5 MOUNT FOR 5000 SERIES KESTREL WEATHER METERS](#)
- Manufacturer: [BADGER ORDNANCE](#)
- Product no.: 093000105

# K5 Mount for 5000 Series Kestrel Weather Meters Safety Instruction Guide

## Introduction

Thank you for choosing the K5 Mount for 5000 Series Kestrel Weather Meters by Badger Ordnance. This guide provides essential safety instructions and usage information to ensure a safe and effective experience with your product. Please read this guide carefully before installation and use.

## General Safety Guidelines

- Ensure that the K5 Mount is used only with compatible 5000 Series Kestrel weather meters.
- Always inspect the mount and your Kestrel weather meter for any visible damage before use.
- Do not use the mount if it appears to be damaged or malfunctioning.
- Keep the mount and Kestrel weather meter out of reach of children to prevent accidents.
- Follow all local laws and regulations regarding the use of weather monitoring devices.

## Specific Safety Precautions for Use

- Do not exceed the weight limit of the mount; ensure that the Kestrel weather meter is securely attached.
- Avoid using the mount in extreme weather conditions that may affect its performance.
- Be cautious when adjusting the mount to avoid pinch points.
- Ensure that the Picatinny rail is clean and free from debris before installation.
- Do not overtighten the setscrew, as this may damage the mount or the scope.

## Instructions for Installation and Usage

### 1. Installation:

- Identify the Picatinny rail on your spotting scope.
- Align the K5 Mount with the rail at either the 3 or 9 o'clock position.
- Insert the setscrew into the mount's knurled head.
- Tighten the setscrew by hand until it is snug, ensuring that the mount is secure.
- Use a tool if necessary to tighten the setscrew fully, but avoid overtightening.

### 2. Usage:

- Insert the Kestrel weather meter into the mount securely.
- Adjust the position of the Kestrel for optimal visibility while looking through the spotting scope.
- Monitor the weather data as needed, ensuring that your focus remains on safety and awareness of your surroundings.

## Disposal Instructions

- Dispose of the K5 Mount and any packaging materials in accordance with local waste disposal regulations.
- Consider recycling materials where possible to reduce environmental impact.

## Contact Information for Further Support

For any inquiries or concerns regarding the K5 Mount for 5000 Series Kestrel Weather Meters, please refer to the manufacturer's contact details provided with your product packaging.

## Conclusion

By following these safety instructions, you can ensure a safe and effective experience with your K5 Mount for Kestrel weather meters. Always prioritize safety and stay informed about any updates or recalls related to your product. Thank you for your attention to these guidelines, and enjoy your weather monitoring experience.
