

REMINGTON 700 LONG ACTION SCOPE RAILS - BADGER ORDNANCE

REMINGTON 700 LA SCOPE RAIL 20 MOA LEFT HAND

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

Built-In Angle Supplements Your Scope's Elevation Adjustment

Badger Ordnance's Remington Long Action Scope Rail is a heavy-duty steel base with built-in forward angle bias so you can take those ultra-long-range shots without exceeding the elevation adjustment of your scope. The Badger Ordnance Remington Long Action Scope Rail has a MIL-STD 1913 Picatinny slot pattern for maximum compatibility with the many Picatinny tactical scope rings currently available. Bore height dimension is .31" The Badger Ordnance Remington Long Action Scope Rail has an integral recoil lug that ensures this base won't move, even when shooting the hardest-kicking cartridges.

REMINGTON 700 LONG ACTION SCOPE RAILS

SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the Badger Ordnance Remington 700 Long Action Scope Rail. This product is designed to enhance your shooting experience by providing a secure and reliable mounting solution for your scope. To ensure your safety and the longevity of your equipment, please read this safety instruction guide carefully.

General Safety Guidelines

- Always treat firearms and accessories as if they are loaded.
- Familiarize yourself with the operation of your rifle and scope before use.
- Ensure that the scope rail is compatible with your specific rifle model.
- Inspect the scope rail for any damage or defects before installation.
- Use only approved accessories that are compatible with the Badger Ordnance Remington 700 Long Action Scope Rail.
- Keep the scope rail and all related equipment out of reach of children and unauthorized users.
- Follow all local laws and regulations regarding the use of firearms and accessories.

Specific Safety Precautions for Use

- Ensure that the rifle is pointed in a safe direction at all times.
- Do not exceed the elevation adjustment limits of your scope when making adjustments.
- Be aware of your surroundings and ensure that the area is clear of people and obstacles before shooting.
- Use appropriate eye and ear protection while shooting.
- Avoid using the scope rail with excessively high-recoil cartridges without proper precautions.
- Regularly check the tightness of the mounting screws to prevent the scope from shifting during use.

Instructions for Installation and Usage

1. Installation

- Ensure the rifle is unloaded and the safety is engaged.
- Remove any existing scope bases or rings from the rifle.
- Align the Badger Ordnance Remington 700 Long Action Scope Rail with the mounting holes on the rifle's receiver.
- Insert and handtighten the provided screws into the mounting holes.
- Use a torque wrench to tighten the screws to the manufacturer's specified torque settings.
- Ensure the integral recoil lug is properly seated against the receiver to prevent movement.

2. Usage

- Mount your scope onto the installed rail according to the scope manufacturer's instructions.
- Adjust the scope to your preferred settings before firing.
- Always check the alignment of your scope after installation and before each use.
- If you notice any movement or loosening of the scope rail, stop using the rifle immediately and inspect the installation.

Disposal Instructions

- Dispose of the Badger Ordnance Remington 700 Long Action Scope Rail in accordance with local regulations.

- Do not dispose of the product in household waste.
- If the product is damaged or no longer usable, consider recycling the metal components where facilities are available.

Contact Information for Further Support

For any questions or concerns regarding the Badger Ordnance Remington 700 Long Action Scope Rail, please contact the manufacturer or your local dealer for assistance. Always ensure that you have the latest safety information and product updates.

Thank you for prioritizing safety and proper usage of your shooting equipment. Enjoy your shooting experience responsibly!
