Safety Instruction Guide for Badger Ordnance 34MM USMC M40A3 Scope Rings

Introduction

Thank you for choosing the Badger Ordnance 34MM USMC M40A3 Scope Rings. These rings are designed for use with the M40A3 Scout Sniper Rifle and are precisionengineered to ensure safety and reliability. This guide provides important safety instructions and guidelines to ensure the safe use and installation of the product.

General Safety Guidelines

- Ensure that the scope rings are compatible with your rifle's receiver rail. The Badger Ordnance 34MM USMC M40A3 Scope Rings fit MILSTD 1913 Picatinny receiver rails.
- Always inspect the scope rings for any signs of damage or wear before use.
- Use only the recommended tools for installation to prevent damage to the scope rings or your rifle.
- Store the scope rings in a cool, dry place away from direct sunlight when not in use.
- Keep the product out of reach of children and vulnerable individuals.

Specific Safety Precautions for Use

- Do not exceed the manufacturer's recommended torque specifications when tightening the clamping nuts and screws.
- Avoid using the scope rings if any components appear to be defective or if the rings do not fit securely.
- Ensure that the scope is properly aligned and secured within the rings before use.
- Be cautious when handling sharp tools during installation to prevent injury.
- If you experience any issues or concerns during use, discontinue use immediately and consult a professional.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools, including a torque wrench and Torx screwdriver.
- Ensure that your rifle is unloaded and placed in a stable position.

2. Installation

- Align the scope rings with the Picatinny rail on your rifle.
- Place the scope tube within the rings, ensuring it is centered.
- Secure the lower halves of the rings to the rail using the hexhead clamping nuts.
- Tighten the clamping nuts to the manufacturer's recommended torque specifications.
- Attach the upper halves of the rings using the Torxhead screws. Ensure they are tightened securely.

3. Final Check

- Verify that the scope is level and securely held in place by the rings.
- Perform a function check to ensure everything operates smoothly.

4. Usage

- Always maintain a proper shooting stance when using the rifle.
- Regularly check the tightness of the scope rings during use, especially after heavy shooting

sessions.

Disposal Instructions

- When it is time to dispose of the scope rings, follow local regulations for metal recycling.
- Do not dispose of the product in regular household waste.
- Ensure that any components that may pose a risk to the environment are disposed of responsibly.

Contact Information for Further Support

For any safety inquiries or concerns regarding the Badger Ordnance 34MM USMC M40A3 Scope Rings, please refer to the manufacturer's website or customer service for assistance. It is crucial to stay informed about product recalls and safety updates.

Conclusion

By following these safety instructions and guidelines, you can ensure the safe and effective use of the Badger Ordnance 34MM USMC M40A3 Scope Rings. Always prioritize safety and do not hesitate to seek professional assistance if needed. Thank you for your attention to safety and for choosing our product.
