

30MM USMC DMR SCOPE RINGS - 30MM USMC DMR SCOPE RING 1.031

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

Same Rings the Marine Corps Uses on Their Designated Marksman Rifles

Badger Ordnance's DMR 30mm Scope Rings were specifically designed for the USMC Designated Marksman Rifle and are optimized for use on the M14/M1A platform. They will work on any rifle with a MIL-STD 1913 Picatinny scope rail - an enough clearance for the scope's objective bell. Badger Ordnance DMR 30mm Scope Rings are machined from steel barstock as serialized, matched pairs, so they are truly as close to identical as technologically possible - unlike mass-produced rings. The benefit of matched rings is far lower risk of damage to your scope caused by misaligned rings. Sold in matched pairs Robust hex-head clamping nuts Torx-head ring cap screws Durable black oxide finish NSN #1005-01-521-0922 Built for strength and stability, Badger Ordnance Badger Ordnance DMR 30mm Scope Rings easily withstand the bumps and bangs of hard tactical operations OR the hunting field far from the comforts of home!

Safety Instruction Guide for 30MM USMC DMR Scope Rings

Introduction

Thank you for choosing the Badger Ordnance 30MM USMC DMR Scope Rings. These scope rings are designed specifically for the USMC Designated Marksman Rifle and are optimized for use on the M14/M1A platform. This guide provides essential safety instructions and usage guidelines to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Inspect the scope rings regularly for signs of wear or damage.
- Keep the scope rings out of reach of children and untrained individuals.
- Always follow the manufacturer's instructions for installation and usage.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about recall updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always verify that the scope rings are securely mounted before use.
- Do not exceed the recommended torque specifications when tightening screws.
- Avoid using the scope rings in extreme environmental conditions without proper precautions.
- Ensure that the scope is properly aligned to prevent damage during use.
- Be cautious when handling the scope rings to avoid injury from sharp edges.

Instructions for Installation and Usage

1. Installation:

- Begin by ensuring that your rifle is unloaded and safe to handle.
- Remove any existing scope rings from the rifle.
- Position the Badger Ordnance 30MM DMR Scope Rings onto the MILSTD 1913 Picatinny rail.
- Align the rings so that they are parallel and level with the rifle.
- Secure the rings using the provided Torxhead ring cap screws. Tighten them gently to avoid overtorquing.
- Check the alignment of the scope and make adjustments as necessary.

2. Usage:

- After installation, check the rings for tightness before each use.
- Regularly inspect the scope and rings for any signs of misalignment or damage.
- When transporting the rifle, ensure that the scope is protected from impacts.
- Clean the scope rings periodically to maintain optimal performance.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste.
- Consider recycling options for metal components where available.

Contact Information for Further Support

For safety inquiries or additional support, please refer to the manufacturer's website or customer service resources.

Thank you for your attention to these safety instructions. Your safety is our priority, and we hope you enjoy using your Badger Ordnance 30MM DMR Scope Rings.
