Safety Instruction Guide for Badger Ordnance 30MM USN EBR Scope Rings

Introduction

Thank you for choosing the Badger Ordnance 30MM USN EBR Scope Rings. These precisionengineered scope rings are designed for optimal performance and compatibility with the U.S. Navy SEALs' Mk14 Enhanced Battle Rifle. To ensure your safety and the proper use of this product, please read and follow the guidelines provided in this manual.

General Safety Guidelines

- Always inspect the scope rings for any signs of damage before use.
- Ensure that the rings are securely mounted to the Picatinny receiver rail before using your firearm.
- Keep the scope rings out of reach of children and vulnerable individuals.
- Use the scope rings only for their intended purpose; do not modify them.
- Follow all local laws and regulations regarding firearms and accessories.
- If you experience any issues or concerns with the product, discontinue use immediately and seek assistance.

Specific Safety Precautions for Use

• Potential Hazards:

- Improper installation may lead to scope misalignment, affecting accuracy.
- Overtightening screws can damage the scope rings or the firearm.
- Using the rings with incompatible equipment may lead to failure.

• Avoiding Hazards:

- Always follow the installation instructions carefully.
- Use the correct tools (Torxhead screwdriver) for installation.
- Do not exceed the manufacturer's recommended torque specifications when tightening screws.
- Regularly check the tightness of the screws and the overall condition of the scope rings.

• Age or AudienceSpecific Warnings:

- This product is not intended for use by individuals under the age of 18 without adult supervision.
- Ensure that inexperienced users are adequately trained in firearm safety and scope ring installation.

Instructions for Installation and Usage

1. Preparation:

- Gather the necessary tools: a Torxhead screwdriver and a compatible firearm with a MILSTD 1913 Picatinny receiver rail.

2. Installation Steps:

- Align the scope rings on the Picatinny rail, ensuring they are in the desired position.
- Place the scope into the rings and adjust the height as needed.
- Secure the ring halves together using the four Torxhead screws.

- Tighten the screws gradually and evenly to avoid misalignment.
- Use a torque wrench to ensure screws are tightened to the manufacturer's specifications.
- After installation, check that the scope is securely mounted and properly aligned.

3. Usage:

- Once installed, use the scope rings with compatible scopes only.
- Regularly check the alignment and tightness of the scope rings, especially after heavy use or transportation.

Disposal Instructions

- Dispose of the scope rings responsibly and in accordance with local regulations.
- If the product is damaged or no longer usable, consider recycling the aluminum material where possible.
- Do not dispose of the product in household waste if it can be recycled.

Contact Information for Further Support

For any questions or concerns regarding the Badger Ordnance 30MM USN EBR Scope Rings, please contact the manufacturer or refer to the official website for additional support and resources.

By following these safety instructions, you can ensure the safe and effective use of your Badger Ordnance 30MM USN EBR Scope Rings. Thank you for your attention to safety, and enjoy your new product!
