

# 700 SHORT ACTION TACTICAL BOTTOM METAL - BADGER ORDNANCE REMINGTON 700 SHORT ACTION TACTICAL FLOORPLATE

[Rifle Parts](#) > [Receiver Parts](#) > [Bottom Metals](#)

## Solid Steel For Rough Duty Use

Heavy duty, steel replacement for the aluminum factory part. Gives additional strength and durability to tactical use rifles. Oberndorf-type floorplate latch holds secure yet provides rapid unloading of loaded magazine. Front and rear tangs are thicker for additional clamping power; allows contouring to match stock perfectly. Requires minor inletting. Socket head screws included.

# Safety Instruction Guide for the 700 Short Action Tactical Bottom Metal

## Introduction

Thank you for choosing the 700 Short Action Tactical Bottom Metal by Badger Ordnance. This product is designed to enhance the performance and durability of your Remington 700 short action tactical rifle. To ensure safe and effective use, please read this safety instruction guide carefully.

## General Safety Guidelines

- **Product Safety:** This product is designed for safe use in accordance with EU regulations. Ensure that you understand all safety instructions before use.
- **Enhanced Recalls:** Stay informed about any potential recalls. Regularly check the EU Safety Gate platform for updates on safety notices.
- **Online Shopping Protections:** If purchased online, ensure that the retailer complies with all safety requirements.
- **Vulnerable Groups:** Keep this product out of reach of children and individuals who may not understand its safe use.
- **EU Contact Point:** For any safety inquiries, refer to the designated EU contact point provided by the manufacturer.
- **Rapid Alerts:** Be aware that updates regarding unsafe products will be communicated through the Safety Gate system.

## Specific Safety Precautions for Use

- **Avoid Modifications:** Do not modify the bottom metal in any way that could compromise its integrity.
- **Inspect Before Use:** Always inspect the product for any damage or defects before installation.
- **Use Appropriate Tools:** Ensure you are using the correct tools for installation to prevent accidents.
- **Wear Protective Gear:** When handling or installing the bottom metal, wear appropriate safety gear, such as gloves and eye protection.
- **Follow Firearm Safety Rules:** Always adhere to standard firearm safety rules when using your rifle.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather necessary tools: socket head screws (included), screwdriver, and any required inlets tools.
- Ensure your workspace is clean and free of distractions.

### 2. Installation Steps:

- Remove the existing aluminum factory part from your Remington 700 short action rifle.
- Carefully align the 700 Short Action Tactical Bottom Metal with the stock.
- If necessary, perform minor inlets to ensure a perfect fit.
- Secure the bottom metal using the included socket head screws, tightening them appropriately without overtorquing.

### 3. Usage:

- After installation, check that the floorplate latch functions correctly and securely holds the magazine.

- Test the rifle to ensure proper operation during use. If any issues arise, discontinue use and consult a professional.

## **Disposal Instructions**

- Dispose of the product responsibly, following local regulations for metal recycling.
- Do not dispose of the product in regular household waste.

## **Contact Information for Further Support**

For any inquiries or support regarding the 700 Short Action Tactical Bottom Metal, please refer to the contact information provided by the retailer or manufacturer.

By following these safety instructions, you can ensure a safe and effective experience with your new bottom metal. Thank you for your attention to safety.
