

RIFLE LENARD BROWNELL GRIP CAP - 1.31"X1.81" STEEL GRIP CAP

[Gunsmith Tools & Supplies](#) > [Stock Work & Finishing](#) > [Custom Stock Hardware](#)

Designed By The Old Master Himself

Lenard Brownell designed this continental style steel grip cap to satisfy his own need for a quality grip cap that would look like it "belonged" on his superb custom rifles. Now available to the trade, this beautiful cap is 8620 steel, which blues, engraves and color casehardens very well. It is investment cast rather than stamped to give a better distribution of material and make a sturdy cap with even, well defined contours and perfect steps. The kind of grip cap you can install with pride. Classic styling will compliment any rifle whether it be a fancy, engraved work of art, or a first rate hunting rifle.

Safety Instruction Guide for RIFLE LENARD BROWNELL GRIP CAP

Introduction

Thank you for choosing the RIFLE LENARD BROWNELL GRIP CAP. This product is designed to enhance the aesthetics and functionality of your custom rifles. To ensure safe use and optimal performance, please read this safety instruction guide carefully. It provides essential information regarding safety guidelines, precautions, installation, usage, and disposal.

General Safety Guidelines

- Ensure that the grip cap is used only for its intended purpose.
- Inspect the grip cap for any visible damage before installation. Do not use if damaged.
- Keep the grip cap out of reach of children and vulnerable individuals.
- Follow all installation instructions carefully to avoid injury or damage to the firearm.
- In case of any accidents or unsafe conditions, report to the appropriate authorities.

Specific Safety Precautions for Use

- Always wear protective eyewear when working with tools and firearms.
- Use appropriate tools for installation to prevent injury.
- Ensure the firearm is unloaded before attempting to install the grip cap.
- Be cautious of sharp edges during handling and installation.
- Do not modify the grip cap in any way, as this may compromise its safety and effectiveness.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools: a screwdriver and any other tools recommended for installation.
- Ensure that your workspace is clean and welllit.

2. Installation Steps

- Ensure the firearm is completely unloaded.
- Remove any existing grip cap if applicable, following manufacturer instructions.
- Align the new grip cap with the designated area on the firearm.
- Use the fulllengththreaded screw provided to secure the grip cap in place.
- Tighten the screw carefully, ensuring the grip cap is secure but not overly tightened to avoid damage.

3. PostInstallation Check

- Once installed, check that the grip cap is firmly attached and that there are no loose parts.
- Test the grip cap by holding the firearm to ensure it feels secure and comfortable.

Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the grip cap becomes damaged beyond repair, dispose of it responsibly, ensuring it does not pose a hazard to the environment or others.
- Check local guidelines for the disposal of metal products.
