

700 EXTENDED MAGAZINE BOXES - SHORT WINDOW MAGAZINE BOX

[Home](#)

Extra Length For Ultra Mag & .404-Based Cartridges

Precision stamped, stainless steel magazine box has .110" additional length to provide the required clearance for extra long rounds. Extended box and Long Window box have plenty of room for the popular .300 and .338 Ultra Mag and other calibers based on the .404 Jeffery case. Extra-long feed lips give reliable feeding with .284 Win. cases. Long and Short Window boxes have a triangular window that provides extra room for case shoulder; holds three rounds of these large diameter cases. Remington fits 700 ADL and BDL, requires minor modification to stock, receiver and bolt stop.

Safety Instruction Guide for Remington 700 Extended Magazine Boxes

Introduction

Thank you for choosing the Remington 700 Extended Magazine Boxes. This product is designed to enhance your shooting experience by providing reliable feeding for various calibers. To ensure your safety and the safe use of this product, please read this guide carefully.

General Safety Guidelines

- Always handle firearms and ammunition with care.
- Ensure that the magazine box is compatible with your firearm model.
- Inspect the magazine box for any damage before use.
- Store ammunition and firearms securely and out of reach of children.
- Follow all local laws and regulations regarding firearm use and storage.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Only use the magazine box with compatible ammunition types as specified.
- Ensure the magazine box is properly installed before loading ammunition.
- Do not exceed the specified capacity of the magazine box.
- Avoid exposing the magazine box to extreme temperatures or moisture.
- Regularly check the magazine box for wear and tear, and replace if necessary.
- If you notice any issues with feeding or functionality, discontinue use immediately and consult a professional.

Instructions for Installation and Usage

1. Installation:

- Ensure your firearm is unloaded before beginning installation.
- Remove the existing magazine box from your Remington 700.
- Align the new magazine box with the receiver and bolt stop.
- Secure the magazine box in place, making sure it is firmly attached.
- Perform any necessary modifications to the stock, receiver, and bolt stop as indicated in the product specifications.

2. Usage:

- Load the magazine box according to the specified capacity:
 - ADL 3 rounds
 - BDL 2 rounds
- For Extended and Long Window boxes, ensure that the ammunition is seated properly.
- Insert the loaded magazine box back into the firearm.
- Always check that the magazine box is locked in place before firing.
- After use, unload the magazine box and clean it according to the manufacturer's recommendations.

Disposal Instructions

- Dispose of the magazine box in accordance with local regulations.
- If the magazine box is damaged or no longer usable, consider recycling if possible.
- Do not discard in regular household waste if it contains hazardous materials.

Contact Information for Further Support

For any safety inquiries or additional support regarding the Remington 700 Extended Magazine Boxes, please refer to the contact details provided by the manufacturer or retailer from whom you purchased the product.

By following these guidelines, you can ensure a safer experience with your Remington 700 Extended Magazine Boxes. Always prioritize safety and adhere to local regulations regarding firearm use.
