

700 EXTENDED MAGAZINE BOXES - LONG WINDOW MAGAZINE BOX

[Home](#)

Extra Length For Ultra Mag & .404-Based Cartridges

Precision stamped, stainless steel magazine box has .110" additional length to provide the required clearance for extra long rounds. Extended box and Long Window box have plenty of room for the popular .300 and .338 Ultra Mag and other calibers based on the .404 Jeffery case. Extra-long feed lips give reliable feeding with .284 Win. cases. Long and Short Window boxes have a triangular window that provides extra room for case shoulder; holds three rounds of these large diameter cases. Remington fits 700 ADL and BDL, requires minor modification to stock, receiver and bolt stop.

Safety Instruction Guide for 700 Extended Magazine Boxes Long Window Magazine Box

Introduction

Thank you for choosing the 700 Extended Magazine Boxes Long Window Magazine Box. This product is designed for precision and reliability, specifically tailored for Remington 700 rifles. It is essential to follow the safety guidelines outlined in this document to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure the magazine box is compatible with your firearm model before use.
- Always keep the magazine box out of reach of children and unauthorized users.
- Regularly inspect the magazine box for any signs of wear or damage.
- Follow all local laws and regulations regarding firearm accessories.
- In case of any accident or malfunction, report it to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Compatibility:** Verify that the magazine box fits your Remington 700 model (ADL or BDL).
- **Modification Warning:** Minor modifications may be needed for the stock, receiver, and bolt stop. Ensure these modifications are performed by a qualified gunsmith.
- **Ammunition Safety:** Only use ammunition that is compatible with the magazine box specifications. This includes .300, .338 Ultra Mag, and other calibers based on the .404 Jeffery case.
- **Loading:** Do not overload the magazine box beyond its capacity (ADL 3 rounds, BDL 2 rounds).
- **Feeding:** Ensure that extralong feed lips are correctly aligned for reliable feeding with .284 Win. cases.
- **Window Usage:** Use the triangular window feature responsibly to avoid mishandling during loading and unloading.

Instructions for Installation and Usage

1. Installation:

- Remove the existing magazine box from your Remington 700 rifle.
- Carefully fit the new 700 Extended Magazine Box into the magazine well.
- Ensure that the magazine box is securely in place.
- If modifications are required, consult a qualified gunsmith for assistance.

2. Usage:

- Load the magazine box with the appropriate number of rounds (3 for ADL, 2 for BDL).
- Check that the ammunition is seated properly and that the magazine box is closed securely.
- Always handle the firearm with care and in accordance with standard firearm safety practices.

Disposal Instructions

- Dispose of the magazine box responsibly when it is no longer in use.
- Follow local regulations regarding the disposal of firearm accessories.
- Do not dispose of the magazine box in regular household waste.

Contact Information for Further Support

For any inquiries or concerns regarding the 700 Extended Magazine Boxes Long Window Magazine Box, please refer to the EUbased contact point provided by the manufacturer or retailer.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priorities.
