

LOCK NUT POD-LOC - KMW LOCK NUT POD-LOC

[Shooting Accessories](#) > [Bipods, Monopods & Accessories](#) > [Bipod Accessories](#)

No Tools Required To Lock & Unlock Bipod Swivel

Spring loaded lever replaces the Harris lock nut, provides plenty of leverage to lock or unlock the swivel using only your fingers. Provides a dust and dirt shield that protects the clutch mechanism from damage. Spring loaded lever may be parked against the stock to minimize snagging. Installation requires no modification to bipod. Used by the U.S. Military, NSN 1005-01-495-0843.

LOCK NUT PODLOC Safety Instruction Guide

Introduction

Thank you for choosing the LOCK NUT PODLOC by KMW. This product is designed to enhance the functionality of your bipod by providing a reliable locking mechanism. It is important to follow the safety instructions and guidelines outlined in this document to ensure safe and effective use of the product.

General Safety Guidelines

To ensure your safety and the proper functioning of the LOCK NUT PODLOC, please adhere to the following general safety guidelines:

- Always read and understand the product instructions before use.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage.
- Do not use the product if it is damaged or malfunctioning.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

When using the LOCK NUT PODLOC, please observe the following safety precautions:

- Ensure that your fingers are clear of the lever when engaging or disengaging the lock.
- Avoid using excessive force when operating the lever to prevent damage.
- Do not modify the product in any way, as this may compromise its safety and functionality.
- Use the product only with compatible Harris Sseries bipods.
- Be aware of your surroundings to prevent snagging or entrapment while using the product.

Instructions for Installation and Usage

Follow these instructions carefully for the installation and use of the LOCK NUT PODLOC:

Installation

1. **Remove the Existing Lock Nut:** Carefully detach the existing lock nut from your Harris Sseries bipod.
2. **Align the PODLOC:** Position the LOCK NUT PODLOC in place of the removed lock nut, ensuring proper alignment.
3. **Secure the PODLOC:** Firmly fasten the LOCK NUT PODLOC to the bipod, ensuring it is securely in place.
4. **Test the Mechanism:** Before using the bipod, test the lever mechanism to confirm it operates smoothly and securely locks the swivel.

Usage

- To **lock** the swivel, press the springloaded lever down until it clicks into place.
- To **unlock** the swivel, lift the lever using your fingers. Ensure your fingers are clear of the mechanism during this process.
- If the lever becomes stuck, do not force it. Inspect for obstructions or damage before attempting to operate it again.

Disposal Instructions

When the LOCK NUT PODLOC reaches the end of its life cycle or is no longer usable, please dispose of it responsibly:

- Do not dispose of the product in regular household waste.
- Check local regulations for proper disposal methods for synthetic and metal materials.
- If possible, recycle the product according to local recycling guidelines.

Contact Information for Further Support

For any inquiries regarding the LOCK NUT PODLOC, including safety questions or product support, please refer to the contact information provided by your retailer or manufacturer. Ensure you have the product details ready for a more efficient response.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Enjoy using your LOCK NUT PODLOC safely and effectively!
