

# GTR REMINGTON 700 FLUTED FIRING PIN ASSEMBLY - FIRING PIN ASSEMBLY, BLK, LA

[Rifle Parts](#) > [Bolt Parts](#) > [Firing Pin Parts](#) > [Firing Pins](#)

## Precision Machined To Enhance Accuracy

CNC machined with tight tolerances to ensure consistent sear engagement and smooth, straight firing pin travel. The lightweight aluminum bolt shroud has close-tolerance bottom flats (.010" larger in areas) to minimize bolt side play. Gives consistent, cocking piece/sear height for repeatable engagement/release with all factory and aftermarket triggers. Firing pin is Flute Steel fully polished with a radius on tip to avoid breakage. Firing pin spring has reduced OD and ID to minimize unnecessary bending and drag. Assembly includes shroud, firing pin, cocking piece and firing pin spring. If you are purchasing a GTR Firing Pin Assembly for a PTG bolt it needs to be fitted by Gre-Tan. Contact Gre-Tan and they will install and fit it for free.

## Attributes

# GTR Remington 700 Fluted Firing Pin Assembly

## Safety Instructions

### Introduction

Thank you for purchasing the GTR Remington 700 Fluted Firing Pin Assembly. This product is designed to enhance the performance of your firearm while ensuring safety and reliability. It is essential to read and understand these safety instructions before using the product to ensure proper handling and installation.

### General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Ensure the firearm is pointed in a safe direction at all times.
- Keep your finger off the trigger until you are ready to shoot.
- Store firearms and ammunition separately and securely.
- Ensure that you are in compliance with local laws regarding firearm modifications and use.
- Regularly inspect your firearm and its components for wear and damage.
- Use only factoryrecommended parts and accessories to maintain safety and performance.
- Be aware of your surroundings and ensure a clear shooting area.

### Specific Safety Precautions for Use

- The GTR Fluted Firing Pin Assembly is designed for use with Remington 700 firearms only. Ensure compatibility before installation.
- Do not attempt to modify the firing pin assembly. Alterations may compromise safety and performance.
- Ensure that the firing pin assembly is properly installed before use. An improperly installed assembly may lead to malfunction or misfire.
- If you experience any issues with your firearm after installation, cease use immediately and consult a qualified gunsmith.
- Always wear appropriate eye and ear protection when using firearms.
- Keep the firing pin assembly and all firearm components out of reach of children and unauthorized persons.

### Instructions for Installation and Usage

#### 1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools for installation, including a screwdriver and any other required equipment.

#### 2. Installation:

- Remove the bolt from the firearm according to the manufacturer's instructions.
- Carefully disassemble the bolt to access the firing pin assembly.
- Remove the old firing pin assembly and replace it with the GTR Fluted Firing Pin Assembly.
- Ensure that all components (shroud, firing pin, cocking piece, and firing pin spring) are correctly aligned and securely fastened.
- Reassemble the bolt and ensure it functions smoothly before reinserting it into the firearm.

#### 3. Usage:

- After installation, conduct a function check to ensure proper operation.
- Test the firearm in a controlled environment to verify the firing pin assembly's performance.

- Monitor the firearm for any unusual sounds or malfunctions during use.

## **Disposal Instructions**

- Dispose of the GTR Fluted Firing Pin Assembly and any other firearm components in accordance with local regulations.
- Do not dispose of the assembly in regular household waste.
- Contact local waste management authorities for information on hazardous waste disposal if necessary.

## **Contact Information for Further Support**

For any inquiries or support related to the GTR Remington 700 Fluted Firing Pin Assembly, please refer to the manufacturer's contact information provided with your product.

By following these safety instructions, you can ensure a safe and enjoyable experience with your GTR Remington 700 Fluted Firing Pin Assembly. Always prioritize safety when handling firearms and their components. Thank you for your attention to these important guidelines.
