

3.5 TRIGGER CONNECTOR

[Handgun Parts](#) > [Trigger Group Parts](#) > [Connector Parts](#)

Lightens & Improves Trigger Feel

Ghost trigger connectors for Glock® pistols replace the original, factory trigger connectors to give you a lighter, smoother trigger pull in one easy to install part. Factory polished for the smoothest operation, all Ghost connectors come with a 100% lifetime satisfaction guarantee. The Ghost 3.5 is a drop-in, 3.5lbs connector that is lighter and smoother than the original Ghost connector.

GHOST 3.5 Trigger Connector Safety Instruction Guide

Introduction

Thank you for choosing the GHOST 3.5 Trigger Connector for your Glock® pistol. This guide provides essential safety instructions and information to ensure the safe use of this product. Please read this document carefully before installation and usage.

General Safety Guidelines

- Ensure that the GHOST 3.5 Trigger Connector is compatible with your Glock® model before installation. This connector fits Gen 14 models, excluding Glock models 42 and 43.
- Always handle firearms in a safe manner. Treat every firearm as if it is loaded.
- Store the GHOST 3.5 Trigger Connector and all firearm-related products out of reach of children and unauthorized users.
- Familiarize yourself with local laws and regulations regarding firearm modifications.
- Report any unsafe products or accidents to the relevant authorities and check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Only use the GHOST 3.5 Trigger Connector in Glock® pistols. Using it in other firearms may result in malfunction or injury.
- Inspect the connector for any damage before installation. Do not use a damaged connector.
- Ensure that the firearm is unloaded before beginning installation.
- Avoid modifications to the connector or firearm that are not specified in this guide.
- Use appropriate tools and follow safety procedures when handling firearms and installing the connector.

Instructions for Installation and Usage

1. Preparation

- Ensure that your Glock® pistol is unloaded and pointed in a safe direction.
- Gather necessary tools: a punch tool and a small hammer.

2. Installation Steps

- Remove the slide and recoil spring from the Glock® frame.
- Using the punch tool, carefully remove the original trigger connector from the trigger mechanism.
- Align the GHOST 3.5 Trigger Connector with the trigger mechanism.
- Gently push the connector into place using the punch tool until it clicks securely.
- Reassemble the firearm by replacing the slide and recoil spring.

3. PostInstallation Checks

- Conduct a function check to ensure the trigger operates correctly.
- Test the trigger pull in a safe environment before regular use.

4. Usage

- Always adhere to safe firearm handling practices when using your Glock® pistol.
- Be aware of your surroundings and ensure that you are in a safe location while handling firearms.

Disposal Instructions

- Dispose of any packaging materials responsibly, following local waste disposal regulations.
- If the GHOST 3.5 Trigger Connector is no longer needed or is damaged, contact your local waste management authority for proper disposal methods.

Contact Information for Further Support

For any inquiries or support regarding the GHOST 3.5 Trigger Connector, please refer to the product packaging or visit the manufacturer's website for contact details. Always ensure that you have the latest information for safety and compliance.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our priorities.
