

# TSR-W PICATINNY/WEAVER SCOPE RINGS - TPS PRODUCTS TSR-W STEEL RINGS 30MM LOW

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

TSR "W" Series Rings, precisely machined from an alloy steel billet, with tolerances held to .0002", give maximum scope/ring contact. Holds scope securely against recoil. Four-screw cap lets you align the reticle, tighten the left side of the cap, then the right side without the scope rotating. Radiused edges and corners help prevent snagging while providing attractive appearance. Large, clamp-nut lets you torque rings to Weaver-style or Mil-STD 1913 (Picatinny) bases.

## Attributes

- Name: [TPS PRODUCTS TSR-W STEEL RINGS 30MM LOW](#)
- Manufacturer: [TPS PRODUCTS](#)
- Product no.: 100001409
- Mfr. No.: 30670

# TSRW Picatinny/Weaver Scope Rings Safety Instruction Guide

## Introduction

Thank you for choosing the TSRW Picatinny/Weaver Scope Rings by TPS Products. These precisionengineered steel rings are designed to provide maximum scope stability and alignment. This guide contains essential safety instructions and guidelines to ensure safe usage and proper installation of your scope rings.

## General Safety Guidelines

- Always inspect the scope rings for any damage before use. Do not use if damaged.
- Ensure that the scope rings are compatible with your scope and firearm.
- Use the scope rings only for their intended purpose, which is to secure a scope to a firearm.
- Keep the product out of reach of children and unauthorized users.
- Follow all local laws and regulations regarding firearm accessories.
- If you experience any issues or concerns regarding the safety of the product, discontinue use immediately and seek assistance.

## Specific Safety Precautions for Use

- Use appropriate tools to install and tighten the scope rings. Overtightening can lead to damage.
- Ensure that the scope is properly aligned before tightening the screws to prevent misalignment.
- Always check the torque specifications for installation to avoid damaging the scope or rings.
- Avoid using the scope rings in extreme conditions that may affect their performance, such as extreme heat or moisture.
- Regularly check the tightness of the screws to ensure that the scope remains secure during use.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools: a torque wrench, screwdriver, and any additional tools specified by your scope manufacturer.
- Ensure that the firearm is unloaded and in a safe state before proceeding.

### 2. Installation:

- Position the scope rings on the Picatinny or Weaver base.
- Place the scope into the rings, ensuring proper alignment with the firearm's sight line.
- Loosely tighten the screws on the left side of the ring cap.
- Align the reticle of the scope and tighten the screws on the right side of the ring cap.
- Use a torque wrench to apply the specified torque to the screws, ensuring they are secure but not overtightened.

### 3. Usage:

- After installation, conduct a function check to ensure that the scope is securely mounted and properly aligned.
- Regularly inspect the rings and screws for any signs of wear or loosening during use.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations for metal waste.
- Do not dispose of the product in general household waste.
- For guidance on proper disposal methods, consult local waste management authorities.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the TSRW Picatinny/Weaver Scope Rings, please refer to the manufacturer's contact details provided in the product packaging or visit their official website.

By following these safety instructions, you can ensure the safe and effective use of your TSRW Picatinny/Weaver Scope Rings. Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation.
