

# MILITEC-1 GREASE - MILITEC GREASE

[Gun Cleaning & Chemicals](#) > [Oils & Lubricants](#) > [Lubricant & Protectant Oils](#)

Synthetic-based metal conditioner provides constant, self-lubricating protection for your metal parts to ensure reliable functioning in extreme conditions. Actually becomes part of the metal; the heat from normal firing of your gun molecularly bonds the material to the gun metal.

## Attributes

- Name: [MILITEC GREASE](#)
- Manufacturer: [MILITEC](#)
- Product no.: 100001422
- Mfr. No.: NONE
- Size: 14 oz
- Delivery weight: 0.431kg
- Shipping height: 33mm
- Shipping width: 46mm
- Shipping length: 236mm

# MILITEC1 GREASE Safety Instruction Guide

## Introduction

Welcome to the safety instruction guide for MILITEC1 GREASE. This syntheticbased metal conditioner is designed to provide constant, selflubricating protection for your metal parts, ensuring reliable functioning even under extreme conditions. This guide aims to inform you about the safe use, installation, and disposal of this product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always read and understand the product label and safety instructions before use.
- Keep the product out of reach of children and vulnerable individuals.
- Ensure proper ventilation when using this product to avoid inhalation of fumes.
- Store the product in a cool, dry place away from direct sunlight and sources of heat.
- Do not mix with other chemicals or products unless specified by the manufacturer.
- In case of accidental exposure, follow the first aid instructions provided on the label.

## Specific Safety Precautions for Use

- Wear protective gloves and goggles when handling the grease to avoid skin and eye contact.
- Avoid ingestion. Do not eat or drink while using the product.
- Do not apply the grease near open flames or hightemperature surfaces.
- Use only in accordance with the intended purpose as specified by the manufacturer.
- If you experience any adverse reactions, discontinue use immediately and seek medical attention.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the metal parts are clean and free from old grease or contaminants.
- Use a suitable cleaner if necessary, and allow the parts to dry completely.

### 2. Application:

- Open the 14 oz. (397 g) tube of MILITEC1 GREASE.
- Apply a thin, even layer of grease to the metal surface using a brush, cloth, or your fingers (wearing gloves).
- Ensure full coverage of the area that requires lubrication.

### 3. Bonding:

- Allow the grease to bond with the metal. The heat generated from normal firing will molecularly bond the grease to the metal surface.
- For optimal performance, follow the manufacturer's recommendations regarding application frequency.

### 4. Postapplication:

- Clean any excess grease from the surrounding areas to avoid attracting dirt and debris.
- Store any unused grease securely for future use.

## **Disposal Instructions**

- Dispose of any unused product and empty containers in accordance with local regulations.
- Do not dispose of the product in household waste or down the drain.
- Check with your local waste management authority for specific disposal guidelines.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the use of MILITEC1 GREASE, please refer to the product packaging for the manufacturer's contact information.

## **Conclusion**

By following these safety instructions, you can ensure the safe and effective use of MILITEC1 GREASE. Remember to stay informed about any product recalls and updates through the EU's Safety Gate platform. Your safety is our priority, and we appreciate your commitment to using our product responsibly.
