

# COSINE INDICATOR - SNIPER TOOLS DESIGN CO. COSINE INDICATOR, RIGHT HAND

[Shooting Accessories](#) > [Range Gear](#) > [Cosine Indicators](#)

## Improves Accuracy When Shooting Up Or Down Hill

Precision-machined, aircraft-grade aluminum instrument eliminates guesswork when adjusting your scope to fire at elevated, or very low targets. The orange needle moves with your rifle and displays a number that indicates the percent your rifle is off level. Multiply the indicated percent by the target distance to easily calculate the adjusted distance for gravity. Dovetailed bottom fits onto the aluminum mount (listed separately) which fits Picatinny and Weaver-style rails. Or, mount an extra Weaver-style ring on your scope tube and clamp the Indicator in the ring's dovetail. Ring not included. Lets you keep your face on the cheekpiece and see the Indicator. Mil-Spec version is waterproof for 35 minutes and 1 meter of water.

# Safety Instruction Guide for COSINE INDICATOR SNIPER TOOLS DESIGN CO. COSINE INDICATOR, RIGHT HAND

## Introduction

Thank you for choosing the COSINE INDICATOR SNIPER TOOLS DESIGN CO. This precision instrument is designed to enhance your shooting experience by providing accurate adjustments for your scope. To ensure your safety and the effective use of this product, please read and follow the guidelines outlined in this manual.

## General Safety Guidelines

- Always handle the COSINE INDICATOR with care to prevent damage to the device and ensure accurate readings.
- Ensure that the product is used in accordance with the manufacturer's instructions to avoid misuse.
- Be aware of your surroundings when using the device, especially when operating a firearm.
- Regularly inspect the device for signs of wear or damage before each use.
- Keep the device out of reach of children and unauthorized users.

## Specific Safety Precautions for Use

### • Potential Hazards:

- Misalignment of the rifle scope can lead to inaccurate shooting.
- Improper installation may result in the device detaching during use.
- Exposure to water beyond the specified limits can damage the MilSpec version.

### • Avoiding Hazards:

- Always ensure that the device is securely mounted before use.
- Verify that the orange needle is functioning correctly and displays accurate readings.
- Do not expose the device to extreme temperatures or harsh environments.

### • Age Specific Warnings:

- This product is intended for use by adults only. It is not suitable for children under 18 years of age.

## Instructions for Installation and Usage

### • Installation:

1. Choose a suitable mounting location on your rifle, ensuring it is within your line of sight.
2. If using the aluminum mount (sold separately), attach the dovetailed bottom of the COSINE INDICATOR to the mount.
3. For mounting without the aluminum mount, attach an extra Weaverstyle ring to your scope tube and secure the Indicator in the ring's dovetail.
4. Ensure that all connections are tight and secure before proceeding.

### • Usage:

1. Position your rifle in a stable shooting position.
2. Keep your face on the cheekpiece while aiming to maintain a proper sight line to the Indicator.

3. Observe the orange needle; it will indicate the percent your rifle is off level.
4. Multiply the indicated percent by the target distance to calculate the adjusted distance for gravity.
5. After use, remove the COSINE INDICATOR and store it in a safe, dry place.

## **Disposal Instructions**

- Dispose of the COSINE INDICATOR in accordance with local regulations.
- Do not dispose of the device in regular household waste.
- If the product is damaged or no longer functional, consider recycling its components where possible.

## **Contact Information for Further Support**

For any safety inquiries or further assistance regarding the COSINE INDICATOR, please refer to the manufacturer's contact points provided with your product.

By adhering to these guidelines, you can ensure a safe and effective experience with your COSINE INDICATOR. Thank you for prioritizing safety and responsible use.
