

# AK SCOUT MOUNT MODEL M2-B - ULTIMAK AK-47 SCOUT MOUNT

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

## Mount Picatinny Accessories For Mission-Specific Needs

The M2-B has a Picatinny style rail positioned well below the iron sight axis, making this the lowest optic mount available for the AK. With a tubular sight mounted low, you will be able to use your optic without a comb riser and still use your regular hold. The system allows for co witness (the ability to use your iron sights right through a 1x sight as a back-up sighting system) when used with a tubular reflex sight. This heavy duty mount replaces the original steel gas tube and upper handguard, so it adds less than one ounce to the weight of the rifle, making it by far the lightest optic mount installation in the world. The forward positioning of the optic gives you faster, easier and more natural targeting while maintaining your full field of view. Multiple target or moving target engagements, with both eyes open, become second nature. The mount rarely if ever needs to be removed to clean the rifle, so you need not worry about loss of zero. Since the mount is clamped to the barrel and not jammed in between the gas block and the sight block like the original gas tube, several UltiMAK users have reported an improvement in their AKs' inherent accuracy. The UltiMAK Optics Mount has been engineered for compatibility with a wide range of AK rifle variations. If you have a 7.62 x 39 caliber AK with standard weight barrel and a standard length, removable gas tube (roughly seven inches, or 17.7 centimeters overall gas tube length) the Mount should fit nicely. We have yet to find a rifle of the above description that our mount does not fit, providing that the rifle is assembled reasonably straight. Some AKs have radically misaligned gas blocks as compared to the rear sight block. In rare cases, this can cause problems installing the UltiMAK Mount. (with vent holes, as found mostly on Chinese AKs) Replaces gas tube. Clamps directly to barrel for maximum stability and accuracy. Solid, one-piece 6061-T6 hard anodized aluminum body. Comes with 4140 steel clamps, screws, allen wrench, and instructions. No Gunsmithing. Made in U.S.A.

## Attributes

- Name: [ULTIMAK AK-47 SCOUT MOUNT](#)
- Manufacturer: [ULTIMAK](#)
- Product no.: 100002177
- Mfr. No.: M2-B
- Colour: Matte Black
- Material: Aluminum
- Number of Bases: 1-Piece
- Style: Tactical Bases
- Weapon type: AK-47
- Delivery weight: 0.227kg
- Shipping height: 20mm
- Shipping width: 145mm
- Shipping length: 254mm

# Safety Instruction Guide for AK SCOUT MOUNT MODEL M2B ULTIMAK AK47 SCOUT MOUNT

## Introduction

Thank you for choosing the AK SCOUT MOUNT MODEL M2B by ULTIMAK. This guide provides essential safety instructions and guidelines for the proper use and installation of the product to ensure your safety and the optimal performance of your rifle. Please read this guide thoroughly before use.

## General Safety Guidelines

- Ensure that you are familiar with the operation of your AK47 rifle before installing this mount.
- Always handle firearms responsibly and in accordance with local laws and regulations.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the mount and rifle for any signs of wear or damage.
- If you notice any issues, do not use the product until it has been inspected and repaired by a qualified gunsmith.
- Report any accidents or unsafe conditions to the appropriate authorities.

## Specific Safety Precautions for Use

### • Installation Safety:

- Ensure the rifle is unloaded before installation.
- Verify that all tools and components are in good condition before starting the installation process.

### • Usage Safety:

- Always use the mount with the appropriate optic designed for your rifle.
- Maintain a firm grip on the rifle while aiming and shooting.
- Avoid using the rifle in conditions that may compromise your safety (e.g., poor visibility, unstable positions).

### • Cleaning and Maintenance:

- Clean the rifle and mount according to manufacturer instructions.
- Avoid using harsh chemicals that may damage the mount or the rifle.

## Instructions for Installation and Usage

### Installation Instructions

#### 1. Preparation:

- Gather all necessary tools: 4140 steel clamps, screws, and an allen wrench (included).
- Ensure the rifle is completely unloaded.

#### 2. Remove the Original Gas Tube:

- Carefully detach the original steel gas tube from your AK47.

#### 3. Position the M2B Mount:

- Align the M2B mount with the barrel of the rifle.
- Ensure that the mount is positioned correctly to avoid misalignment.

#### 4. Clamp the Mount:

- Use the included clamps to secure the mount directly to the barrel, ensuring maximum stability.
- Tighten the screws using the allen wrench until secure but avoid overtightening.

#### 5. Attach the Optic:

- Mount your chosen optic onto the Picatinny rail of the M2B.
- Follow the optic manufacturer's instructions for secure attachment.

#### 6. Final Check:

- Inspect the installation to ensure everything is secure and properly aligned.
- Conduct a function check of the rifle to ensure no obstructions are present.

### Usage Instructions

- When aiming, keep both eyes open for improved target acquisition.
- Regularly check the zero of your optic, especially after cleaning or maintenance.
- Practice using the iron sights in conjunction with the optic for enhanced versatility.

### Disposal Instructions

- Dispose of the product in accordance with local regulations for electronic and metal waste.
- Do not throw the product in regular household waste.
- If you are unsure how to dispose of the product safely, consult local waste management authorities.

### Contact Information for Further Support

For any questions regarding the product, installation, or safety concerns, please reach out to the manufacturer or authorized dealers. Ensure you have your product details ready for a more efficient response.

Thank you for your attention to these safety instructions. Proper use and care of your AK SCOUT MOUNT MODEL M2B will enhance your shooting experience while ensuring your safety and that of others.
