

XF7 WEAPON LUBRICANT - XF-7 INDUSTRIES XF7 WEAPON LUBRICANT

[Gun Cleaning & Chemicals](#) > [Oils & Lubricants](#) > [Lubricant & Protectant Oils](#)

Protects Your Firearm In All Environments; Won't Melt Or Burn Off

Field-tested in extreme heat and bitter cold to stay where you put it. Prevents the build-up and adhesion of stubborn fouling, so it wipes right off. Provides continuous protection in temperatures up to 500° F; short-term protection up to 600° F plus, withstands high cyclic rates of fire in full-auto weapons. Will not wash off in fresh or salt water making it the ideal lubricant for missions around marine environments. Handy, 15cc syringe dispenses lubricant exactly where you want it without drips or runs. Safe for rubber or polymers, doesn't attack common metal finishes. Lubricant is non-toxic, non-staining and contains no Teflon.

XF7 Weapon Lubricant Safety Instructions

Introduction

Thank you for choosing XF7 Weapon Lubricant by XF7 Industries. This product is designed to provide exceptional protection and performance under extreme conditions. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Always ensure that the product is used in a wellventilated area.
- Keep out of reach of children and vulnerable individuals.
- Avoid contact with eyes and prolonged skin exposure.
- Do not ingest. If swallowed, seek medical attention immediately.
- Store in a cool, dry place away from direct sunlight and heat sources.
- Dispose of the product according to local regulations to minimize environmental impact.

Specific Safety Precautions for Use

- Before using the lubricant, ensure that the surface is clean and free from dirt and debris.
- Test the lubricant on a small, inconspicuous area of the material to ensure compatibility, especially on polymers and rubber.
- Use gloves to avoid skin contact when applying the lubricant.
- In case of skin irritation, wash the affected area with soap and water.
- If the product comes into contact with eyes, rinse immediately with plenty of water and seek medical advice if irritation persists.
- Do not mix with other chemicals or lubricants unless specified by the manufacturer.

Instructions for Installation and Usage

1. Preparation:

- Shake the syringe gently before use to ensure even distribution of the lubricant.
- Clean the area where the lubricant will be applied.

2. Application:

- Remove the cap from the syringe.
- Position the syringe tip at the desired application point.
- Gently squeeze the syringe to dispense the lubricant. Apply only as much as needed to avoid excess.

3. Postapplication:

- Allow the lubricant to settle and penetrate the surface for optimal performance.
- Wipe off any excess lubricant with a clean cloth.

4. Maintenance:

- Regularly inspect lubricated surfaces and reapply as necessary, especially in highuse scenarios or extreme conditions.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not pour lubricant down drains or into water sources.
- Empty syringes should be recycled or disposed of as per local waste management guidelines.

Contact Information for Further Support

For further assistance or inquiries regarding safety or product performance, please refer to the contact information provided on the product packaging or visit our official website.

Thank you for using XF7 Weapon Lubricant. Your safety and satisfaction are our top priorities.
