

MAGNETIC SOFT JAWS - STANDARD SOFT JAWS

[Gunsmith Tools & Supplies](#) > [General Gunsmith Tools](#) > [Vises & Accessories](#) > [Vise Jaws](#)

Get A Grip On Your Guns

Soft, yet extremely rigid, polyurethane vise jaws fit comfortably in a 4" or 5" vise and are held in place by embedded magnets. Non-slip surface grips precious firearms firmly without crushing, marring, or scratching. Top lip fits the top of your vise jaws adding two inches to allow extra protection and more work area. Surface resists oils and wipes clean. Each set comes with a separate polyurethane cover for vise screws or anvils so you can be absolutely sure that no part of your guns or tools will come in contact with the vise. Channeled soft jaws have all the same features as the Standard version with the addition of machined vertical and horizontal channels with 5/8" radius for an improved grip on contoured parts such as barrels and actions.

Safety Instruction Guide for MAGNETIC SOFT JAWS STANDARD SOFT JAWS

Introduction

Thank you for choosing the MAGNETIC SOFT JAWS STANDARD SOFT JAWS by Wagner Industries Inc. This product is designed to provide a safe and effective way to hold firearms securely in a vise without causing damage. Please read this safety instruction guide carefully to ensure safe use and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always ensure that the vise jaws are securely attached before use.
- Inspect the product for any damage or wear before each use.
- Keep the product out of reach of children and vulnerable individuals.
- Do not use the product for purposes other than intended.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Use only in a wellventilated area to avoid inhaling any fumes from the materials.
- Avoid excessive force when clamping objects to prevent damage to the soft jaws and the held item.
- Do not expose the product to extreme temperatures or direct sunlight for extended periods.
- Ensure that the surface of the soft jaws is clean and free from debris before use.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses when working with tools.

Instructions for Installation and Usage

1. Installation

- Ensure the vise is securely mounted on a stable work surface.
- Place the magnetic soft jaws onto the existing vise jaws, ensuring that they align properly.
- Press down firmly to engage the embedded magnets, securing the jaws in place.

2. Usage

- Adjust the vise to the desired opening width suitable for the item you intend to hold.
- Place the item (e.g., firearm) between the soft jaws, ensuring it is positioned correctly.
- Slowly close the vise until the soft jaws grip the item firmly but without excessive pressure.
- Regularly check the grip during use to ensure that the item remains secure.

Disposal Instructions

- Dispose of the product in accordance with local regulations for plastic waste.
- Do not incinerate the product as it may release harmful fumes.
- If the product is damaged, ensure that it is disposed of in a way that prevents accidental use.

Contact Information for Further Support

For any inquiries regarding safety, use, or product information, please refer to the manufacturer's contact details provided with the product packaging.

Important Notes

- This product is intended for use by individuals aged 18 and older.
- Always follow local laws and regulations regarding the handling and storage of firearms.

Thank you for your attention to these safety instructions. Your safety is our priority.
