

1911 ADJUSTABLE NIGHT SIGHTS - KENSIGHT MFG LPA

[Handgun Parts](#) > [Sights](#) > [Rear Sights](#)

Glowing Tritium Lamps Maximize Sight Visibility In Low Light

Genuine, Trijicon, green Tritium lamps feature polished quartz lenses for improved sight recognition in low light, plus appear as white dots for enhanced sight acquisition in bright sunlight as well. Sight bodies are EDM machined from 4140 steel, then heat-treated to Rc 38-40 and vacuum tempered to retain the extra-tight tolerances. Features precise click-adjustments for consistent changes in windage and elevation. Fine line serrations on rear blade surface cuts light reflection to enhance sight pick up.

Consumer Safety Instruction Guide for 1911 Adjustable Night Sights

Introduction

Thank you for choosing the 1911 Adjustable Night Sights by Kensight MFG. This guide provides essential safety instructions and information to ensure the safe and effective use of your night sights. Please read this document carefully before installation and use.

General Safety Guidelines

- Ensure the product is suitable for your specific firearm model (1911 Government, Commander, Officers).
- Always handle firearms with care and follow standard safety practices.
- Regularly inspect the sights for any signs of wear or damage.
- Do not modify the sights or any part of the firearm without consulting a qualified gunsmith.
- Store your firearm securely and out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Use only in lowlight or bright sunlight conditions as intended.
- Ensure proper installation to avoid misalignment or detachment during use.
- Avoid looking directly at the Tritium lamps; they are designed for sighting purposes only.
- If you experience any discomfort or irritation from the sights, discontinue use immediately and consult a professional.
- Keep the sights clean and free from debris to maintain optimal performance.

Instructions for Installation and Usage

1. Preparation

- Ensure your firearm is unloaded and pointed in a safe direction.
- Gather necessary tools: screwdriver and any specific tools required for your firearm model.

2. Installation

- Remove the existing sights from your firearm, if applicable.
- Carefully align the Kensight night sights with the dovetail or mounting area.
- Secure the sights using appropriate screws or fasteners, ensuring they are tightened to the manufacturer's specifications.
- Check for proper alignment and adjust as necessary.

3. Usage

- Familiarize yourself with the sight picture in both lowlight and bright conditions.
- Practice sight alignment and target acquisition using the new sights.
- Regularly check the sights for stability and functionality during use.

Disposal Instructions

- Dispose of any damaged or broken sights in accordance with local regulations.
- Do not dispose of Tritium lamps in regular household waste. Consult local waste management guidelines for hazardous materials.

Contact Information for Further Support

For any questions or concerns regarding the 1911 Adjustable Night Sights, please reach out to your local dealer or manufacturer. Ensure to keep your purchase receipt and any warranty information for reference.

Thank you for your attention to these safety guidelines. Enjoy the enhanced performance of your 1911 Adjustable Night Sights!
