Holds Beavertail Grip Safeties Firmly In Place While Fitting

Precision machined fixture fits in place of the trigger to hold the grip safety securely in place while fitting it to the top of the frame tangs. Adjustable screw and pin allows precise positioning and retension of the grip safety and frame. For best results, use with thumb safety and mainspring housing in place.

1911 Grip Safety Fixture Safety Instructions

Introduction

Thank you for choosing the 1911 Grip Safety Fixture from Harrison Design & Consulting. This product is designed to assist in fitting the grip safety securely to your firearm. Please read this safety instruction guide carefully to ensure safe use and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always ensure that the firearm is unloaded before using the fixture.
- Keep the fixture out of reach of children and vulnerable individuals.
- Use the fixture only for its intended purpose as described in this guide.
- Regularly check the fixture for any signs of wear or damage before use.
- Follow all local laws and regulations regarding firearm accessories and safety.

Specific Safety Precautions for Use

- Ensure that the grip safety is properly aligned before tightening the adjustable screw and pin.
- Do not overtighten the screw, as this may damage the grip safety or the frame.
- Use the fixture in a welllit area to ensure clear visibility during installation.
- Wear appropriate safety gear, such as safety glasses, to protect against accidental slips or drops.
- If you experience any difficulty during installation, stop and consult a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation

- Ensure the firearm is unloaded and in a safe working environment.
- Gather all necessary tools, including the 1911 Grip Safety Fixture.

2. Installation of the Fixture

- Remove the trigger from the firearm.
- Insert the 1911 Grip Safety Fixture in place of the trigger.
- Ensure that the fixture fits securely and aligns with the grip safety.

3. Fitting the Grip Safety

- Position the grip safety against the top of the frame tangs.
- Use the adjustable screw and pin to secure the grip safety in place.
- Adjust the positioning as needed for a precise fit.

4. Final Adjustments

- Once the grip safety is fitted, check for any movement or looseness.
- Tighten the adjustable screw gently to secure the grip safety without overtightening.

5. Reassembly

- Once installation is complete, remove the fixture and reassemble the trigger.
- Ensure all components are securely in place before using the firearm.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of the fixture in regular household waste. Check for special disposal options for metal and aluminum products.

Contact Information for Further Support

For any inquiries regarding safety or productrelated questions, please refer to the official website or contact your local distributor for assistance.

By following these safety instructions, you can ensure the safe and effective use of the 1911 Grip Safety Fixture. Thank you for your attention to safety and compliance with the EU GPSR.
