

# AR-15 VC-1 FLASH SUPPRESSOR 22 CALIBER - VLTOR WEAPON SYSTEMS VC-1 FLASH SUPPRESSOR 22 CALIBER 1/2-28 STEEL BLACK

[Rifle Parts](#) > [Muzzle Devices](#) > [Flash Hiders](#)

## Dissipates Hot Gas To Minimize Muzzle Flash, Reduce Muzzle Jump

Highly-efficient internal helical design uses ten precisely contoured longitudinal ports combined with a unique, cloverleaf-shaped exit port to trap unburned powder particles long enough for full burn and dissipation of hot combustion gasses. Muzzle flash cancels itself out to minimize shooter exposure during daytime and low-light situations. Also serves as a compensator by directing venting gasses to help reduce muzzle jump and improve shooter control for better shot placement. Precision machined from 4140 steel to stand up to rough tactical operations. 2-1/8" overall length brings a 14½" barrel up to legal length for civilian use when flash suppressor is permanently pinned or welded in place. Accepts most sound suppressors and Blank Firing Attachments designed to fit a M16/M4 flash hider. VC-1 fits .223/5.56mm AR-15/M16/M4 rifles;

## Attributes

- Name: [VLTOR WEAPON SYSTEMS VC-1 FLASH SUPPRESSOR 22 CALIBER 1/2-28 STEEL BLACK](#)
- Manufacturer: [VLTOR WEAPON SYSTEMS](#)
- Product no.: 100003114
- Mfr. No.: VC-1
- Caliber: 22 Caliber (.223-.224)
- Finish: Black
- Material: Steel
- Size: .856
- Threads: 1/2-28
- Weapon type: AR-15
- Delivery weight: 0.068kg
- Shipping height: 3mm
- Shipping width: 79mm
- Shipping length: 130mm

# Safety Instruction Guide for AR15 VC1 Flash Suppressor 22 Caliber

## Introduction

Thank you for choosing the AR15 VC1 Flash Suppressor 22 Caliber by VLTOR Weapon Systems. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read and follow all guidelines carefully to minimize risks and ensure compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Product Safety: Ensure safe use of the flash suppressor in compliance with all applicable safety standards.
- Enhanced Recalls: Stay informed about any recall notices regarding this product through official channels.
- Online Shopping: Be aware that the same safety protections apply when purchasing online as in physical stores.
- Special Consumer Focus: Extra care should be taken when this product is used around vulnerable groups, including children.
- EU Contact Point: For any safety inquiries, refer to the designated EU contact point.
- Rapid Alerts: Keep updated on product safety through the EU's Safety Gate system.

## Specific Safety Precautions for Use

- Always ensure the firearm is unloaded before installing or removing the flash suppressor.
- Use only with firearms that are compatible with .223/5.56mm AR15/M16/M4 rifles.
- Verify that the flash suppressor is securely attached before using the firearm.
- Do not use the flash suppressor with ammunition that exceeds the specified caliber.
- Regularly inspect the flash suppressor for signs of wear or damage.
- Avoid using the flash suppressor in conditions where it may obstruct visibility or create additional hazards.
- Store the flash suppressor and associated firearms in a secure location, out of reach of children.

## Instructions for Installation and Usage

*Installation Instructions:* 1. Ensure the firearm is pointed in a safe direction and is unloaded. 2. Remove any existing muzzle device from the firearm. 3. Clean the muzzle threads to remove any debris. 4. Align the VC1 Flash Suppressor with the muzzle threads. 5. Rotate the flash suppressor clockwise until it is handtight. 6. Use a torque wrench to securely fasten the suppressor, following the manufacturer's torque specifications. 7. Install the crush washer if applicable to ensure proper fit.

*Usage Instructions:* 1. Before firing, confirm that the flash suppressor is securely attached. 2. Fire the firearm in accordance with standard safety practices. 3. Monitor for any unusual sounds or performance issues while using the flash suppressor. 4. After use, clean the flash suppressor as recommended by the manufacturer to maintain performance.

## Disposal Instructions

- Dispose of the flash suppressor in accordance with local regulations.
- If the flash suppressor is damaged or no longer usable, ensure it is rendered inoperable before disposal.
- Recycle materials where possible, following local waste management guidelines.

## Contact Information for Further Support

For further assistance or safety inquiries regarding the AR15 VC1 Flash Suppressor 22 Caliber, please refer to the designated EU contact point or consult the manufacturer's website for additional resources.

By adhering to these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your AR15 VC1 Flash Suppressor 22 Caliber. Thank you for your attention to safety.
