

# CROSS TAC CORP CAR-15/M4 AMBI SINGLE-POINT SLING CONNECTOR - CROSSTAC SINGLE-POINT SLING ADAPTER

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Tactical Sling Mounts](#)

## Ultra-Low Profile, Snag-Free Design

Minimal profile sling adapter plate provides secure, ambidextrous attachment for single-point tactical slings on carbines or converted shotguns with M4 collapsible buttstocks. The attachment loop centers under the receiver extension nut, out of the way, where it can't snag on clothing, gear, brush or the sling, and won't interfere with access to the selector lever. Helps weapon hang flat against your body when released, yet also allows fast, positive re-grip when needed. Accepts most sling hooks, including MASH hooks, H&K connectors, and ZM-style clasps. Fits M4-type collapsible stocks with mil-spec and commercial buffer tubes, including shotgun conversions that use the M4 tube. Precision machined from high-quality steel, then Parkerized dark gray for wear resistance and a close match to factory rifle finishes.

## Attributes

- Name: [CROSSTAC SINGLE-POINT SLING ADAPTER](#)
- Manufacturer: [CROSSTAC](#)
- Product no.: 100003181
- Mfr. No.: 135020-BLK

# **Safety Instruction Guide for CROSS TAC CORP CAR15/M4 AMBI SINGLEPOINT SLING CONNECTOR**

## **Introduction**

Thank you for choosing the CROSS TAC CORP CAR15/M4 AMBI SINGLEPOINT SLING CONNECTOR. This guide provides important safety information and instructions for the proper use and installation of your sling adapter. Please read this guide carefully to ensure safe and effective use.

## **General Safety Guidelines**

- Ensure that the sling adapter is compatible with your firearm before installation.
- Always handle your firearm safely and responsibly, following all local laws and regulations.
- Inspect the sling adapter for any signs of damage or wear before each use. Do not use if damaged.
- Keep the sling adapter out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the appropriate authorities.

## **Specific Safety Precautions for Use**

- Always ensure that the sling is securely attached to the sling adapter before use.
- When transitioning between carry positions, be aware of surrounding obstacles that may snag the sling.
- Do not overload the sling or exceed its weight capacity.
- Avoid using the sling adapter in extreme conditions that may affect its performance, such as extreme temperatures or exposure to corrosive materials.
- Ensure that the attachment loop does not interfere with the operation of the firearm, especially the selector lever.

## **Instructions for Installation and Usage**

### **1. Installation**

- Ensure the firearm is unloaded and safe to handle.
- Locate the receiver extension nut on your firearm.
- Position the sling adapter plate under the receiver extension nut.
- Securely attach the sling adapter to the firearm using the provided screws, ensuring it is tightened properly.
- Check that the attachment loop is centered and does not obstruct any controls.

### **2. Usage**

- Attach your singlepoint tactical sling to the sling adapter using compatible sling hooks (MASH hooks, H&K connectors, ZMstyle clasps).
- Adjust the sling to a comfortable length to allow for quick and easy access to your firearm.
- When not in use, ensure the firearm hangs flat against your body to minimize movement and potential snagging.

## **Disposal Instructions**

- Dispose of the sling adapter in accordance with local regulations for metal products.
- Do not dispose of the sling adapter in regular household waste.
- Consider recycling options for metal components if available in your area.

## **Contact Information for Further Support**

For any inquiries regarding safety or product performance, please refer to the manufacturer's contact information provided with your product packaging or visit the official website.

Thank you for your attention to these important safety guidelines. Enjoy using your CROSS TAC CORP CAR15/M4 AMBI SINGLEPOINT SLING CONNECTOR safely and responsibly.
