

# AR-15/M16 SINGLE ATTACHMENT SLING END PLATE - VLTOR WEAPON SYSTEMS SASE-2 HK-STYLE END PLATE

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Tactical Sling Mounts](#)

## Unique Indexing Washer Allows Fast, Easy Installation For Right- Or Left-Hand Shooters

Ambidextrous, all steel endplate provides secure, balanced single-point sling attachment, so your collapsible-stock rifle or carbine can be carried tangle-free in the ready position at all times. Special indexing washer with screw interfaces with the rear of the receiver to allow easy installation for right- or left-hand use. SASE-1 features a single slot that accepts conventional 1¼" wide webbing. SASE-2 has loop to accept HK-style hook or carabineer clips. The SASE-2E is an enhanced version of the SASE-2 featuring a larger loop to accommodate larger HK-style hooks

# Safety Instruction Guide for AR15/M16 Single Attachment Sling End Plate (SASE2)

## Introduction

Thank you for choosing the AR15/M16 Single Attachment Sling End Plate (SASE2) by VLTOR Weapon Systems. This guide provides important safety instructions and guidelines for the safe and effective use of this product. Please read this document carefully to ensure proper handling and installation.

## General Safety Guidelines

- Ensure that the sling end plate is compatible with your firearm model (AR15/M16/M4 and clones with collapsible stock).
- Always handle firearms with care and follow all local laws and regulations regarding firearm use and safety.
- Inspect the sling end plate regularly for any signs of wear or damage before each use.
- Keep the product away from children and unauthorized users.
- Report any unsafe conditions or accidents to the appropriate authorities immediately.

## Specific Safety Precautions for Use

- Only use the sling end plate as intended for singlepoint sling attachment.
- Do not exceed the manufacturer's weight limit for sling attachments.
- Avoid using the sling end plate in harsh environments that may cause corrosion or wear.
- Ensure that the sling is securely attached to the end plate before use.
- Always check the installation before using the firearm to ensure that the sling end plate is securely fastened.

## Instructions for Installation and Usage

### Installation Steps:

1. Ensure the firearm is unloaded and the safety is engaged.
2. Locate the rear of the receiver on your firearm.
3. Remove any existing end plate if applicable.
4. Place the special indexing washer over the mounting hole on the receiver.
5. Align the sling end plate with the indexing washer.
6. Insert the screw through the end plate and washer into the receiver.
7. Tighten the screw securely, ensuring that the end plate is firmly attached.

### Usage Steps:

- Attach your sling to the loop of the SASE2 end plate.
- Adjust the sling length as needed for comfort and proper firearm handling.
- Always ensure that the sling is clear of any obstructions during use.

## Disposal Instructions

- Dispose of this product in accordance with local regulations regarding metal and firearm accessories.
- Do not dispose of the product in regular household waste.
- Consider recycling the metal components if possible to minimize environmental impact.

## **Contact Information for Further Support**

For any inquiries regarding safety or product use, please contact the manufacturer or your local firearms dealer. It is essential to obtain assistance from qualified professionals to ensure safe handling and usage of your firearm accessories.

Thank you for prioritizing safety in your firearm practices. Enjoy the enhanced functionality and reliability of your AR15/M16 Single Attachment Sling End Plate.
