Precise Fit Eliminates Play For Superb Accuracy

Match grade bushings machined from the same premium-grade stainless steel as Nighthawk 1911 barrels for a precision fit that improves accuracy and provides years of reliable service. I.D. and O.D. are left slightly oversized to allow custom fitting to your barrel, further ensuring precise lockup and excellent accuracy.

Safety Instruction Guide for 1911 Barrel Bushings Nighthawk Custom Commander Barrel Bushing

Introduction

Thank you for choosing the Nighthawk Custom Commander Barrel Bushing. This product is designed to enhance the accuracy and performance of your 1911 firearm. It is essential to follow the safety guidelines outlined in this document to ensure safe usage and to maximize the lifespan of your barrel bushing.

General Safety Guidelines

- Always handle firearms with care and in accordance with standard safety practices.
- Ensure that the barrel bushing is compatible with your specific firearm model.
- Inspect the barrel bushing for any signs of damage before installation.
- Use protective eyewear when installing or handling firearm components.
- Keep the barrel bushing out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure the firearm is unloaded before installing or adjusting the barrel bushing.
- Avoid using excessive force during installation to prevent damage to the bushing or the firearm.
- Be aware of the potential for sharp edges on the barrel bushing; handle with care.
- Ensure that the I.D. and O.D. measurements are properly matched to your barrel to avoid fitting issues.
- Do not attempt to modify the barrel bushing beyond the recommended specifications.
- Consult a qualified gunsmith if you are unsure about the installation or fitting process.

Instructions for Installation and Usage

1. Preparation:

- Verify that your firearm is completely unloaded.
- Gather necessary tools for installation, including a bushing wrench.

2. Installation:

- Remove the existing barrel bushing from the firearm.
- Clean the barrel and the area where the new bushing will be installed.
- Insert the new barrel bushing into the barrel, ensuring it is oriented correctly.
- Use the bushing wrench to gently tighten the bushing into place, avoiding overtightening.
- Check for proper fit and lockup by cycling the action of the firearm.

3. Usage:

- Regularly inspect the barrel bushing for wear and damage during routine maintenance.
- Ensure proper lubrication of the barrel and bushing to maintain performance.
- Only use ammunition that is compatible with your firearm and barrel bushing specifications.

Disposal Instructions

- Dispose of any damaged or worn barrel bushings in accordance with local regulations.
- Do not dispose of firearm components in regular household waste.

- Check with local authorities for proper disposal methods for firearm parts.

Contact Information for Further Support

For any questions or concerns regarding the installation, usage, or safety of the Nighthawk Custom Commander Barrel Bushing, please refer to the manufacturer's contact information provided on the packaging or product documentation.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities.
