

# 1911 BAR STOCK PLUNGER TUBE - NIGHTHAWK CUSTOM PLUNGER TUBE

[Handgun Parts](#) > [Frame Parts](#) > [Frame Hardware](#) > [Plunger Tubes](#)

## Machined To Tight Tolerances For Precise Fit Inside & Out

Precision machined from solid bar stock to ensure this small but critical part is strong and dimensionally accurate inside and out. Exacting internal dimensions allow smooth operation of both plungers. Extra-long staking studs provide plenty of material for a solid attachment to the frame that won't work loose.

# 1911 BAR STOCK PLUNGER TUBE SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the 1911 Bar Stock Plunger Tube by Nighthawk Custom. This product is precision machined from solid bar stock, ensuring strength and dimensional accuracy. It plays a critical role in the smooth operation of your firearm. To ensure your safety and the proper functioning of this product, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always handle firearms with care and ensure they are unloaded when performing any maintenance or modifications.
- Use this product only in accordance with the manufacturer's instructions.
- Be aware of your surroundings and ensure that you are in a safe environment when using firearms.
- Always store firearms and related components securely to prevent unauthorized access, especially from children.
- Regularly check for product recalls or safety alerts on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that this plunger tube is compatible with your specific 1911 Auto model before installation.
- Inspect the plunger tube for any signs of damage or wear before use. Do not use if damaged.
- Use appropriate tools and follow safe practices when installing the plunger tube to avoid injury.
- Follow all local laws and regulations regarding firearm modifications and usage.
- If you are unsure about the installation or use of this product, consult a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that your firearm is completely unloaded.
- Gather necessary tools, including a staking tool and any other required equipment.

### 2. Installation:

- Remove the old plunger tube if applicable.
- Align the new plunger tube with the frame of your 1911 Auto.
- Use the extralong staking studs to secure the plunger tube firmly to the frame. Ensure that it is properly staked to avoid loosening during use.
- Doublecheck the alignment and security of the plunger tube before reassembling your firearm.

### 3. Usage:

- After installation, perform a function check to ensure the plungers operate smoothly.
- Regularly maintain your firearm according to the manufacturer's guidelines to ensure optimal performance.

## Disposal Instructions

- Dispose of any packaging materials responsibly and in accordance with local recycling guidelines.
- If the product is no longer in use, dispose of it in a manner that prevents it from being accessed by

unauthorized individuals.

- Follow local regulations for the disposal of firearm components and materials.

## Contact Information for Further Support

For any inquiries or concerns regarding the 1911 Bar Stock Plunger Tube, please refer to the manufacturer's contact information provided with the product. It is important to have access to assistance for any safety questions or installation guidance.

Thank you for your attention to these safety instructions. Your safety and the proper functioning of your firearm are our top priorities.
