

1911 SPRING KITS - NIGHTHAWK CUSTOM GOVT. MODEL SPRING KIT

[Handgun Parts](#) > [Action Parts](#) > [Spring Kits](#)

High Quality Springs For Smooth, Reliable Function

High-quality replacement springs ensure reliable performance from your pistol, including proper feeding, positive ejection, and minimal battering of frame and slide. Replace fatigued springs to return a gun to consistent, dependable function or use as components in a custom build. Pistolsmiths recommend changing springs regularly as part of a positive preventive maintenance program. Kits include two standard weight recoil springs, an extra power recoil spring for hot or +P loads, extra power firing pin spring for positive ignition, and reduced power hammer spring.

Safety Instruction Guide for 1911 SPRING KITS NIGHTHAWK CUSTOM GOVT. MODEL SPRING KIT

Introduction

Thank you for choosing the 1911 SPRING KITS NIGHTHAWK CUSTOM GOVT. MODEL SPRING KIT. This guide provides essential safety instructions to ensure the safe use and maintenance of your pistol. Please read this document carefully before installation and use to understand the safety precautions and proper handling of the product.

General Safety Guidelines

- Always ensure that the firearm is unloaded before performing any maintenance or installation.
- Handle all springs and components with care to avoid injury.
- Store springs and components in a safe place, away from children and unauthorized users.
- Regularly inspect all components for signs of wear or damage.
- Follow all local laws and regulations regarding firearm modifications and maintenance.
- Use protective eyewear when handling springs to prevent injury from accidental release.

Specific Safety Precautions for Use

- Ensure that you are familiar with the operation of your pistol before attempting to install or replace springs.
- Only use the recommended springs provided in this kit for your specific model.
- Avoid using damaged or worn springs, as they can lead to firearm malfunctions.
- If you are uncertain about the installation process, seek assistance from a qualified gunsmith.
- Be aware of the potential for springs to snap back during installation or removal. Use caution to prevent injury.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is unloaded and that the magazine is removed.
- Gather all necessary tools and components from the kit.

2. Disassembly:

- Follow the manufacturer's instructions to safely disassemble your pistol.
- Take note of the order of components for reassembly.

3. Spring Replacement:

- Remove the old springs carefully, taking care to avoid any sudden release.
- Install the new springs in the same order as the old ones were removed.
- Ensure that all springs are seated correctly and securely.

4. Reassembly:

- Follow the manufacturer's instructions to reassemble the firearm.
- Doublecheck that all components are properly aligned and secured.

5. Testing:

- Once reassembled, perform a function check to ensure that the firearm operates correctly.
- Test the firearm in a safe and controlled environment, ensuring proper function before regular use.

Disposal Instructions

- Dispose of any old or damaged springs and components in accordance with local regulations.
- Do not dispose of springs in a manner that could pose a risk to others, such as leaving them in public areas.

Contact Information for Further Support

For any safety inquiries or concerns regarding the 1911 SPRING KITS NIGHTHAWK CUSTOM GOVT. MODEL SPRING KIT, please contact the manufacturer or a qualified professional. It is important to ensure that you receive accurate and timely information regarding the safe use of your product.

Please remember to always prioritize safety when handling firearms and their components. Your diligence in following these safety instructions will help ensure a safe and enjoyable experience with your pistol.
